February 24, 2017

Dear Franklin Township Parents,

The purpose of this letter is to inform you of a suspicious vehicle that has approached students in the area near Franklin Middle School.

Students have reported that a black pick-up truck has been seen moving slowly behind some students. On one occasion, the driver asked the student if they needed a ride. On another occasion, the driver offered students a cell phone.

The Franklin Township Police are aware of these incidents and have increased patrols in the area.

At this point, we want you to be aware of these incidents, and know that in addition to this letter, Dr. John Ravally, Superintendent of Schools, will be issuing a phone blast to parents this afternoon.

Please have a conversation with your children regarding how to deal with strangers. This incident provides the opportunity for you to talk about personal safety in general and the importance of looking out for the safety of others as well.

If you have information regarding these incidents or any other related concerns, please contact your child's school and the Franklin Township Police.

Sincerely,

Orvyl M. Wilson
