December 8, 2021

Dear Franklin Families:

We are writing this letter to make you aware of the recent national incidents that have been highlighted in the news involving students making inappropriate posts on social media, engaging in dangerous and unhealthy Tik Tok challenges, and writing and/or posting threats of harm either to themselves or others. We encourage you to take some time to discuss the potential harmful effects and negative consequences associated with emulating these types of behaviors locally.

Please understand that we take all potential threats seriously and work in concert with the Franklin Township Police Department to insure the safety of all of our students and staff. Students who engage in these types of activities will be subject to exclusion from school until they can be evaluated to determine what supports or services they may need immediately and what services or supports the student may need to return to school. Additionally, behavior that constitutes violations of the District Student Code of Conduct will result in appropriate disciplinary consequences consistent with the Student Code of Conduct and BOE policy.

We appreciate your cooperation in addressing this subject with your children. Should you have any questions or need additional information on what resources are available to support children in need of social/emotional support services, feel free to contact the Principal and/or Guidance Counselor at your child’s school.

Thank you for your attention in this matter.

Sincerely,

Orvy Wilson
