Dear Parent, Guardian, or Staff Member:

This notice is being distributed to comply with the New Jersey School Integrated Pest Management Act. The Franklin Township schools have adopted an Integrated Pest Management (IPM) Policy and have implemented an IPM Plan to comply with the law. IPM is a holistic, preventive approach to managing pests that is explained further in the school's IPM Policy included with the notice.

All schools in New Jersey are required to have a school based Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and Pesticide use at the school.

The IPM Coordinator for MacAfee Road School is:

Name of IPM Coordinator:  Michael Hall
Business Phone Number:  732-249-9097
Business Address:   53 MacAfee Rd., Somerset, NJ  08873

The IPM Coordinator maintains the pesticide product label, and the Material Safety Data Sheet (MSDS) (when one is available), of each pesticide product that may be used on the school property. The label and the MSDS are available for review by a parent, guardian, staff member, or student attending the school. Also, the IPM Coordinator is available to parents, guardians, and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan Franklin Township schools may use pesticides to control pests. The United States Environmental Protection Agency (EPS) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with the instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPS and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPS has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.

- Note: attached policy for your information.
- No meeting scheduled at this time. Any questions fell free to contact me.
- Note: List of chemicals used in the buildings this past 2010-2011 school year.

Pesticides used in the past 12 months: (Trade and Common Name, EPA Registration#)
