Kenneth Margolin, Athletic Director

Dana Karas, Director of School Counseling

Welcome to Franklin High School! Even though we are approaching the school year in unprecedented times, we at Franklin High School are eager to provide students with the best education possible. Our administration, teachers, and support staff are committed to providing a safe, positive, and academically rich learning environment for our students.

Franklin High School has so much to offer our students from rigorous AP Courses, Core Subjects, highly engaging elective offerings, and a state-recognized fine, Visual, and performing arts program. Our students have proven to excel academically through our rigorous academic and elective programs. I encourage each family to set goals with their high school student, and I challenge students to reach those goals with the support of our teaching staff and parents. It is imperative that we work together to ensure our best potential is exhibited every day inside and outside the classroom. The start of the school year will be challenging, but together we can figure out how to meet the needs of our students. A community that works together, will foster student achievement and success as we prepare our students for post-secondary education and opportunities.

Franklin is a place I have called home just almost all of my entire educational career. I spent ten years as a middle school special education science and math teacher and four of those years as a Dean at Franklin Middle School. Then I served as Vice Principal at Sampson G. Smith School for four years. For the last four years, I have had the privilege to be the Principal of Franklin Middle School @ Hamilton Street Campus. Now, I have the honor to be the principal of my Alma Mater, Franklin High School.

On behalf of the FHS Administrative Team, I wish you all the best this school year as we look forward to an amazing year working with our school community. The time in which we live is challenging, yet extremely exciting. Our students need us more than ever.

I wish our students the best this school year. Go, Warriors!

Sincerely,

Dr. Nicholas Solomon Ed.D
Principal
