

Reports of Positive Covid-19 Cases

The chart below lists the reported positive Covid-19 cases which have affected the Franklin Township Public Schools *from the beginning of the fiscal year on July 1, 2021 through May 17, 2022*. Please note, not every positive case listed has resulted in exposure to other individuals in a school building. Of the cases listed below 8 were reported before students returned to school buildings on September 9, 2021. Cases reported during the first few days of the new year reflect exposure over the winter break. Cases reported during the week of April 25 include exposure over spring break.
