**Level A Sorts**
In this area, you’ll find picture and word cards and grid headings for all thirty-eight sorts in Level A. Each week, print out and cut apart the cards that correspond to the sort you and your students will be covering. Use the cards with a pocket chart or bulletin board to demonstrate the sort for children. The cards can be printed out again and again or laminated for permanent use.

Each file contains all the materials needed to play a particular game, including game board, playing cards, spinner, and much more. To prepare the game boards used in a number of the activities, print out each half, tape the halves together, and affix the board to a file folder or other sturdy material.

This section contains ten Build, Blend, and Extend activities for Sorts 6, 8, 11, and 22–28 that can be used in the study of word families. Each activity file contains all necessary letter and word family cards and instructions.
