Franklin Township Public Schools:

- **has a filter which blocks** inappropriate material from school based computers and chrome books and which requires an adult log in to override;

- **utilizes Go Guardian to alert** administration of student attempts to access inappropriate material, when warranted, these reports are typically responded to the following school day.
Internet Safety Protection

Students in grades 3 - 12 are provided education via assemblies and course work regarding appropriate online behavior including the use of social networking sites, and cyberbullying awareness and response.

Additionally, descriptions and consequences for technology based offenses are listed in the district Student Code of Conduct.
