2110 PHILOSOPHY OF EDUCATION/DISTRICT MISSION STATEMENT AND INSTRUCTIONAL VISION STATEMENT

The Mission of the Franklin Township Public Schools is to provide excellent educational opportunities that meet or exceed New Jersey Student Learning Standards for every student; maintain an environment that engenders an appreciation of the value of every student; develop every student to his/her highest potential; and instill the attitudes, skills, and knowledge necessary to become independent, contributing members of a democratic, multicultural society.

District Instructional Vision Statement

The Franklin Township Public Schools staff and students will participate in a reflective and shared process to ensure ownership for learning. All students will engage in meaningful, data-driven and individualized instruction in a caring and collaborative learning community that fosters college and career readiness and social/emotional development.

 Adopted:
2132 SCHOOL DISTRICT GOALS AND OBJECTIVES

The Board accepts the responsibility for coordinating the available resources of home, school, and community in a mutual effort to guide every student's growth towards becoming a self-respecting individual who can effectively function politically, economically, and socially in a democratic society.

The Board is dedicated to ensuring that all students in the district receive a free and appropriate public education through the acquisition of the necessary skills and competencies for achievement of the New Jersey Student Learning Standards (NJSLS).

The Board believes every student should be given every opportunity:

1. To acquire core skills in obtaining information, solving problems, thinking critically, and communicating effectively;

2. To acquire core information concerning the principles of the physical, biological, and social sciences, the historical record of human achievements and failures, and current social issues;

3. To develop an understanding of his/her own worth, potential, abilities, and limitations;

4. To experience the joy of learning and to acquire the skills necessary for a lifetime of continuous learning and adaptation to change;

5. To acquire knowledge necessary for further education and, also, to acquire abilities that serve as a basis for entry-level job skills;

6. To acquire the ability and the desire to express himself/herself creatively in one or more of the arts, and to appreciate the aesthetic expressions of other people;

7. To acquire an understanding of and the ability to form responsible relations with a wide range of other people, including but not limited to those with social and cultural characteristics different from his/her own;

8. To acquire the capacities for playing satisfying and responsible roles in family life and in other interpersonal relationships;
POLICY

FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2132/page 2 of 3
School District Goals and Objectives

9. To acquire the knowledge, habits and attitudes that promote personal and public health, both physical and mental;

10. To acquire an understanding of ethical principles and values and the ability to apply them to his/her own life;

11. To become an effective and responsible contributor to the decision-making processes of the political and other institutions of the community, State, country, and world;

12. To acquire the knowledge, skills, and understanding that permit him/her to play a satisfying responsible role as both producer and consumer.

In order to achieve these broad education goals, the Board shall provide these resources:

1. Instruction in study skills necessary to achieve mastery of subject matter;

2. Specialized and individualized kinds of educational experiences to meet the needs of each student;

3. Instruction that bears a meaningful relationship to the present and future needs and/or interests of students;

4. Highly qualified teaching staff as required by State and Federal law;

5. Resources for education, to be used with maximum efficiency;

6. School counseling services for all students;

7. An environment in which all competition among students is positive;

8. Opportunities for teaching staff and students to make recommendations concerning the operation of the school;

9. Significant opportunities suited to the age of the student, for helping the student to determine the nature of his/her educational experiences;

10. Diverse forms of constructive cooperation with parents/guardians and community groups.
The Board shall develop, in consultation with the Superintendent and teaching staff members, plans and objectives for the district. They shall include:

1. Written educational goals;
2. An assessment of student needs;
3. Specific annual objectives based on identified needs and action plans to implement them;
4. Standards for assessing and evaluating the achievement of objectives;
5. The establishment of minimum student proficiency levels in the areas addressed in the New Jersey Student Learning Standards (NJSLS);
6. An educational program consistent with these goals, objectives, standards, and needs;
7. Evaluation of student progress.

N.J.A.C. 6A:32-12.2

Adopted:
2200 CURRICULUM CONTENT

The Board of Education will provide the instruction and services mandated by law and rules as necessary for the implementation of a thorough and efficient system of free public education and such other instruction and services as the Board deems appropriate for the thorough and efficient education of the students of this district. The Board shall annually approve a list of all programs and courses that comprise the district’s curriculum and shall approve any subsequent changes in the curriculum in accordance with Policy 2220.

For purposes of this policy “curriculum” means planned learning opportunities designed to assist students toward the achievement of the intended outcomes of instruction.

The curriculum will be reviewed by the Superintendent and approved annually by the Board. In accordance with law, the curriculum shall, as a minimum, include the curricular mandates of N.J.S.A. 18A - Education and N.J.A.C. 6 and 6A - Education and all of the New Jersey Student Learning Standards and Cumulative Progress Indicators and the courses required by Policy 5460 and N.J.A.C. 6A:8-5 for high school graduation.

The Superintendent is responsible for implementing the curriculum approved by the Board.

The Board directs the curriculum be consistent with the educational goals and objectives of this district, the New Jersey Student Learning Standards and responsive to identified student needs. The Superintendent shall, in consultation with teaching staff members, assure the effective articulation of curriculum across all grade levels and among the schools of this district.

The curriculum shall provide programs in accordance with Board policies and the New Jersey Student Learning Standards, including but not limited to:

1. Preparation of all students for employment or post secondary study upon graduation from high school;

2. Instruction in 21st Century Life/Career skills, visual and performing arts, comprehensive health and physical education, language arts literacy, mathematics, science, social studies (including instruction on the Constitution of the United States, United States history, Community Civics, and the geography, history and civics of New Jersey), World Languages and personal finance;

3. Continuous access to sufficient programs and services of a library/media facility, classroom collection, or both, to support the educational program of all students in accordance with Policy 2530;
4. Guidance and counseling to assist in career and academic planning for all students, in accordance with Policy 2411;

5. A continuum of educational programs and services for all children with disabilities, in accordance with Policy and Regulation 2460;

6. Bilingual education, English as a Second Language, and English language services for students of limited English language proficiency, when the number of such students so necessitates, in accordance with Policy 2423;

7. Programs and services for students at risk who require remedial assistance in accordance with Policies 2414, 2415, and 5460;

8. Equal educational opportunity for all students in accordance with Policies 2260, 5750, and 5755;

9. Career awareness and exploration as required, and vocational education as appropriate;

10. Educational opportunities for students with exceptional abilities, in accordance with Policy 2464;

11. Instruction in accident and fire prevention;

12. A substance abuse prevention program;

13. A program for family life education; and

14. Programs that encourage the active involvement of representatives from the community, business, industry, labor and higher education in the development of educational programs aligned with the standards.

N.J.A.C. 6A:8-1.1 et seq.; 6A:14 et seq.

Adopted:
2210 CURRICULUM DEVELOPMENT

The Superintendent shall be responsible to the Board for the development of curriculum to meet identified student needs. The Board shall ensure that curriculum and instruction are designed and delivered in a way that all students are able to demonstrate the knowledge and skills set out in the New Jersey Student Learning. In addition, the Board shall ensure that appropriate instructional adaptations are designed and delivered for students with disabilities, for English language learning students, and for students who have been identified as gifted and talented.

The Superintendent shall establish procedures for curriculum development that ensure the effective participation of teaching staff members; members of the Board; and the use of all available resources. Care shall be taken that certified staff shall be highly qualified and not be assigned to teach material outside the limits of their certification and endorsements.

The Superintendent shall report to the Board the objectives, evaluative criteria, and costs of each proposed program before seeking Board adoption. New programs and courses of study shall not be acted upon by the Board until the meeting following their presentation, to the Board Curriculum/Instruction.

Criteria by which the Board will judge the acceptability of new course offerings include:

1. Does it address an identified student need?

2. Is it relevant to the Board's philosophy and goals and does it offer real possibilities for progress toward these goals?

3. Does it satisfy the requirements of the Board's school and classroom practices regarding the elimination of bias and stereotyping and encouragement of diversity?

4. If the proposed course replaces an existing program, what defect in the previous program is it designed to overcome?

5. Does it include measures for determining progress?

6. Does it address the necessary study and information processing skills?

7. Has reliable research demonstrated that it can help students achieve at higher levels?
8. Has a curriculum guide been completed? If not, when can it be expected?

9. Have the accompanying textbooks and/or other instructional materials been recommended to the Board?

10. Have the costs and time of implementation been reviewed, including staff in-service training?

A plan for updating curriculum shall be developed and implemented. The Superintendent shall report annually on all progress in curriculum development and the implementation of the curriculum plan at the time of the Board's annual adoption of curriculum.

Adopted:
POLICY

FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2220/page 1 of 2
Adoption of Curriculum/Courses

2220 ADOPTION OF CURRICULUM/COURSES

The Board of Education shall provide a comprehensive instructional program to serve the educational needs of the children of this district by the adoption of courses of study.

For purposes of this policy, a “course of study” means the planned content of a series of classes, courses, subjects, studies, or related activities.

No course of study will be taught in this district unless it has been formally adopted by the Board. The Board shall determine which units of the instructional program constitute courses of study and are thereby subject to the adoption procedures of the Board.

Each course of study approved for credit toward high school graduation shall include minimum course proficiencies. In order to satisfactorily complete a course of study, a student must demonstrate mastery of the established minimum level of course proficiencies. Core course proficiencies shall include, but need not be limited to, proficiencies established by the State Board of Education in the curriculum areas of mathematics; natural or physical sciences; English; social studies; foreign languages; fine, practical, and performing arts; career education; and health, safety, and physical education.

The Superintendent is responsible for the continuous evaluation of the courses of study against the educational goals of the Board and shall recommend to the Board such new or altered courses of study as are deemed to be in the best interests of the students of this district. The Superintendent's recommendation will include the following information about the proposed course of study:

1. The specific objective of the course of study and the relationship of the course to the educational goals adopted by the Board;

2. The applicability of the course to students and an enumeration of those groups of students to be affected by it;

3. A description of course content, including any instructional method that departs significantly from the ordinary and is an integral part of the course of study;

4. A rationale for the course in terms of the goals of this district and a justification of the course, especially when it is proposed to take the place of an existing course of study;
5. The resources that implementation of the course will require, including textbooks, material, equipment, and specially trained personnel;

6. The course proficiencies to be mastered by students;

7. The methods and standards by which the efficacy of the course will be monitored and evaluated; and

8. A developmental history of the course and, where available, information on its use elsewhere.

The Superintendent shall maintain a current list of all courses of study offered by this district. The list shall be available to each member of the Board via the district’s online curriculum platform.

N.J.A.C. 6A:7-1.1 et seq.; 6A:8-4.1; 6A:8-4.4

Adopted:
The Superintendent shall oversee development of curriculum guides for every course and area of study for every grade level. Each guide shall contain objectives for concepts and skills to be taught and attitudes to be developed; necessary study skills; suggested materials and activities designed to achieve all of these; and evaluation criteria intended to test the extent to which learning objectives have been met. Curriculum guides shall include all requirements of the New Jersey Student Learning Standards.

Teachers shall use the guides as the core of their instructional planning. It shall be the responsibility of the Building Principal to ensure that curriculum guides are being followed, as expressed in teacher lesson plans.

A copy of each guide in use shall be housed on an online curriculum platform and shall be available to the public via the district’s website.

In devising and implementing curriculum guides, teachers shall be prepared to offer an alternative education project to any student who refuses to dissect, vivisect, incubate, capture, or otherwise harm or destroy animals as part of the course of instruction. No student shall be discriminated against in any manner for his/her decision to exercise this right.

Because curriculum guides are the means of implementing instruction in courses adopted by the Board as the curriculum of the district, the Board shall approve any new curriculum guides or any revision to an existing guide before they are put into effect.

Adopted:
POLICY

FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2260/page 1 of 3
Affirmative Action Program for School
and Classroom Practices

2260 AFFIRMATIVE ACTION PROGRAM FOR SCHOOL
AND CLASSROOM PRACTICES

The Board of Education shall provide equal and bias-free access for all students to all school
facilities, courses, programs, activities, and services, regardless of race, creed, color, national
origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or
expression, religion, disability, or socioeconomic status, by:

1. Ensuring equal and barrier-free access to all school and classroom facilities;

2. Attaining minority representation within each school, which approximates the
district's overall minority representation. Exact apportionment is not required,
however, the ultimate goal is a reasonable plan achieving the greatest degree of
racial balance, which is feasible and consistent with sound educational values and
procedures;

3. Utilizing a State-approved English language proficiency measure on an annual
basis for determining the special needs of English language learners and their
progress in learning English pursuant to N.J.A.C. 6A:15-1.3(b);

4. Utilizing bias-free multiple measures for determining the special needs of students
with disabilities, pursuant to N.J.A.C. 6A:14-3.4;

5. Ensuring that support services, including intervention and referral services and
school health services pursuant to N.J.A.C. 6A:16, are available to all students; and

6. Ensuring that a student is not discriminated against because of a medical
condition. A student shall not be excluded from any education program or activity
because of a long-term medical condition unless a physician certifies that such
exclusion is necessary. If excluded, the student shall be provided with equivalent
and timely instruction that may include home instruction, without prejudice or
penalty.

The Board of Education shall ensure that the district's curriculum and instruction are aligned to
the New Jersey Student Learning Standards (NJSLS) and address the elimination of
discrimination by narrowing the achievement gap, by providing equity in educational programs
and by providing opportunities for students to interact positively with others regardless of race,
creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation,
gender, gender identity or expression, religion, disability, or socioeconomic status, by:
1. Ensuring there are no differential requirements for completion of course offerings or programs of study solely on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status;

2. Ensuring courses shall not be offered separately on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status;
   a. Portions of classes which deal exclusively with human sexuality may be conducted in separate developmentally appropriate sessions for male and female students, provided that the course content for such separately conducted sessions is the same.

3. Reducing or preventing the underrepresentation of minority, female, and male students in all classes and programs including gifted and talented, accelerated, and advanced classes;

4. Ensuring that schools demonstrate the inclusion of a multicultural curriculum in its instructional content, materials and methods, and that students understand the basic tenet of multiculturalism;

5. Ensuring that African American history, as well as the history of other cultures, is infused into the curriculum and taught as part of the history of the United States, pursuant to N.J.S.A. 18A:35-1 and the NJSLS; and

6. Ensuring that instruction on the Holocaust and other acts of genocide is included in the curriculum of all elementary and secondary schools, as developmentally appropriate, pursuant to N.J.S.A. 18A:35-28.

The Board of Education shall ensure all students have access to adequate and appropriate counseling services. When informing students about possible careers, professional or vocational opportunities, the Board shall not restrict or limit the options presented to students on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status. The district will not use tests, guidance, or counseling materials which are biased or stereotyped on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status.
The Board of Education shall ensure that the district's physical education program and its athletic programs are equitable, co-educational, and do not discriminate on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status, as follows:

1. The district shall provide separate restroom, locker room, and shower facilities on the basis of gender, but such facilities provided for students of each gender shall be comparable;

2. A school within the school district may choose to operate separate teams for both genders in one or more sports or single teams open competitively to members of both genders, so long as the athletic program as a whole provides equal opportunities for students of both genders to participate in sports at comparable levels of difficulty and competency; and

3. The activities comprising such athletic programs shall receive equitable treatment, including, but not limited to, staff salaries, purchase and maintenance of equipment, quality and availability of facilities, scheduling of practice and game time, length of season, and all other related areas or matters.

N.J.A.C. 6A:7-1.7

Adopted:
POLICY
FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2270/page 1 of 1
Religion in the Schools

2270 RELIGION IN THE SCHOOLS

The Board of Education recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. School officials will be neutral in their treatment of religion in the school district, showing neither favoritism toward nor hostility against religious expression. Accordingly, devotional exercises will be permitted in this district. The following activities will be permitted in the school district provided the activity is consistent with current United States Supreme Court decisions regarding the relationship between government and religion: prayer during instructional time; organized prayer groups and activities; religious expression and prayer in classroom assignments; student assemblies and extra-curricular events; prayer at graduation; baccalaureate ceremonies; devotional exercises; and other prayer and/or religion related activities. The school district will not permit an activity if the activity advances or inhibits any particular religious expression that is protected by the First Amendment of the United States Constitution.

The Board believes that an understanding of religions and the contributions that religion has made to the advancement of civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, the curriculum may be developed to include, as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board also acknowledges the degree to which a religious consciousness has enriched the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the schools of this district frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may, therefore, be religious in nature shall not, by itself, bar their use by the district. The Board directs that teaching staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the thorough and efficient education of the children of this district, not for its conformity to religious principles. Students should receive unbiased instruction in the schools so that they may privately accept or reject the knowledge so gained in accordance with their own religious tenets.

U.S. Const. Amend. 1
N.J. Const. (1947) Art. 1, para. 4
Adopted:

August 24, 2017
Exhibit A-04.b
2312 CLASS SIZE

The Board of Education directs that the number of students assigned to any one class be governed by considerations of instructional quality and economy of operation.

A desired range for the minimum and maximum number of students that shall be assigned to regular classes shall be established by the Superintendent.

The Superintendent shall prepare guidelines for class size. Maximum limits shall take into account the subject matter, type of instruction, ability of students, availability of aides, and use of special facilities and equipment and may be waived to accommodate the demands of a temporary increase in enrollment.

Adopted:
2340 FIELD TRIPS

The Board of Education recognizes that field trips properly planned and integrated with the curriculum are an educationally sound and important part of the program of the schools that can supplement and enrich classroom instruction by providing learning experiences in an environment outside the schools.

For purposes of this policy, a field trip means any journey by a group of students away from the school premises, under the supervision of a teacher, and integrally related to an approved course of study.

The Board of Education shall approve annually a list of potential field trip locations. All proposed field trip locations not so listed, must be individually approved by the Board.

The Board may authorize field trips for which all or part of the costs are borne by the students’ parent(s) or legal guardian(s), except that no student in a special education class or student unable to pay the cost assessed shall be prohibited from attending a field trip. (N.J.S.A. 18A:36-21)

The determination of a student's inability to pay will be based upon the student's eligibility for free and reduced meals in accordance with Board Policy No. 8540.

Students on field trips remain under the supervision of this Board and are subject to its rules and regulations.

A student who violates rules or disregards the authority of supervisors on a field trip significantly endangers the safety of other students and may be summarily dismissed from the trip. The teaching staff member in charge will make arrangements for the dismissed student's transportation to home or school as appropriate. The cost of any such transportation will be borne by the parent(s) or legal guardian(s) of the student. The Board reserves the right to take further disciplinary measures in accordance with Policy No. 5600.

The Superintendent shall prepare regulations for the operation of field trips that ensure that the safety and well-being of students shall be protected at all times; that parental permission is sought and obtained before any student may be removed from the school district for a field trip; that each field trip is properly planned, integrated with the curriculum, and followed up by appropriate activities that enhance its usefulness; that the effectiveness of field trip activities are monitored and continually evaluated; that teachers are allowed a considerable degree of
flexibility and innovation in planning field trips; that no field trip will be approved unless it contributes to the achievement of specified instructional objectives; and that teachers are not permitted to make on-site alterations to a trip itinerary, except where the health, safety or welfare of students is imperiled or where changes or substitutions beyond the control of the teacher have frustrated the purpose of the trip.

A field trip may be cancelled at any time by the Superintendent when he/she believes that students’ health or safety may be at risk.

Adopted:
2360 USE OF TECHNOLOGY

The Board of Education recognizes the use of technology in the educational process is an essential part of the schooling experience. Technology is to be viewed as a resource to enhance the learning process among other resources available to teachers and students. In addition, technology can be used to enhance the administration of the schools and the district. In order to provide direction and meaning to the use of technology as an instructional resource, the Board encourages and supports staff use of technology as a component of the learning process.

For purposes of this policy “technology” includes, but is not limited to, the use of computers and computer peripherals, communications networks, access to databases and libraries of information and the integration of audio, video, multimedia devices and media for purposes of teaching and learning.

The Superintendent, in consultation with teaching and support staff, shall recommend to the Board the acquisition of appropriate technology to best implement the curricular, instructional, and administrative program of the school district. The Superintendent shall prepare a technology plan for the school district to encompass the following:

Curricular, Instructional and Administrative Need

The technology plan shall define the curricular, instructional and administrative need for technological equipment and media for the district.

In-service Education

The Board shall provide opportunities for school staff to participate in in-service programs on hardware or software programs to be used in the execution of educational and administrative tasks. In-service programs may be provided in or out of the district.

Standards, Codes and References

All technology installations shall conform to the industry standards and applicable Federal, State and local statutes and codes.

Facilities Planning

In all facilities projects involving new constructions, additions, and renovations the Superintendent or designee shall ensure the plans include provisions for current and future technology needs in terms of the structural, electric/electronic, mechanical, acoustical and visual systems of the building(s). All educational specifications shall include features required for the use of instructional technology.
Computers

The school district will provide support or maintenance agreements for specified brands of computers. All other computers purchased or donated will be subject to repair only when non-allocated funding is available and therefore may remain unrepaired until funding is available.

Computer Software Acquisition and Upgrading

The school district will only support the specified upgrades and training. Staff members shall not purchase software that has not been included on a list of specified software or has been approved by the Director of Technology.

The Superintendent will recommend the purchase of upgrades to software as needed. An evaluation of upgrades shall be made by appropriate personnel and no upgrade shall be purchased without the express approval of the Director of Technology.

Site Licenses

In the case where more than one copy of a software program is required, the Director of Technology shall attempt to acquire or negotiate a site license with the software developers. In the event a site license is not possible, vendors shall be sought who will provide multiple copies at a discounted cost.

Software Copyright

All employees shall strictly adhere to the copyright laws of the United States. No software shall be copied and/or distributed except in accordance with these laws. All software placed on media workstations or any network with public access shall be copy protected by the Director of Technology, who shall assure that individuals who have access to such programs shall not copy them without authorization.

Internal Communication (District)

The school district shall provide communication between schools by a variety of means.

External Communications

The Board encourages the use of external communications so schools may utilize the vast resources of external databases and communicate with other schools, external agencies, and businesses throughout the world. Gateways to such communications will be supported by the school district. The use of particular gateways shall be approved by the Director of Technology. The Director of Technology shall be responsible for the installation of software in district owned computers and/or computer systems that prevents access to gateways and Internet sites that have material considered by the Director of Technology to be inappropriate for use by students.
Computer Laboratories and Distributed Computing

In order to provide teacher, staff, and student access to computers, the Board directs that provisions be made to provide computer access in computer laboratories, classrooms, and school libraries/media centers.

Audio/Video

All audio and/or video materials shall be used in accordance with the copyright laws of the United States. Teachers, students, or staff who create audio or video materials containing the voices or images of the individuals involved shall obtain proper releases from those individuals, their parent(s) or legal guardian(s) for instructional use within the school.

Informing Parents, Legal Guardians and Interested Parties

Upon request, the Building Principal shall make available to parent/legal guardians the computer hardware and software used in the district in order that a computer purchased privately for home use may be compatible with the computer and software the student uses in the school setting.

Technology Coordination

The Board shall appoint a Director of Technology to assure the technology needs of the district are met in the most efficient manner possible at the lowest costs available to meet specified needs.

Broadcast Rights and Copyrights

The Board specifically retains the Broadcast rights and copyrights to all materials created by employees of the Board as part of their responsibilities to the Board. Any financial remuneration for the use of such materials shall be retained by the Board.

Computer Security

The Director of Technology shall develop security procedures to include, but not be limited to, the following areas:

1. Physical Security of Equipment

   All computer equipment shall be maintained in a secure manner appropriate to its location.
2. Data Security
   a. Back-up procedures for system files, libraries, and data shall be practiced in a timely fashion.
   b. Disaster recovery plans shall be kept up-to-date at all times.
   c. Password protection shall be in place and updated periodically.
   d. Resource security shall be in place to prevent unauthorized access to system files, libraries, and data.

3. Employee Training
All new employees having, as part of their job responsibilities, access to computers and information systems will be trained in the proper security procedures outlined above.

All employees having, as part of their job responsibilities, access to computers and information systems will be kept up-to-date on current security procedures for equipment and data.

4. Transaction Audit Trail
Appropriate procedures will be maintained in order to monitor system activity and users, as necessary.

5. Security Officer
The Superintendent shall designate the Director of Technology as the district's Computer Security Officer to monitor system security procedures.

Use of Facsimile (FAX) Machines
Fax machines provide a useful means of communicating and shall be subject to the same rules that apply to the use of telephones. All incoming faxes shall be considered confidential mail. No disclosure of the contents of any fax shall be made except to the individual for whom the fax is intended. Any individual violating this confidentiality shall be subject to discipline as provided by the policies and regulations of the Board.

N.J.A.C. 6A:26-6.1 et seq.
17 U.S.C. 101 et seq.

Adopted:
The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated, and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow students to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by students to these information sources but reserves the right to limit in-school use to materials appropriate for educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes technology allows students access to information sources that have not been pre-screened by educators using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer networks and declares unethical, unacceptable, or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, and/or instituting legal action.

The Board provides access to computer networks/computers for educational purposes only. The Board retains the right to restrict or terminate student access to computer networks/computers at any time, for any reason. School district personnel will monitor networks and online activity to maintain the integrity of the networks, ensure their proper use, and ensure compliance with Federal and State laws that regulate Internet safety.

Standards for Use of Computer Networks

Any individual engaging in the following actions when using computer networks/computers shall be subject to discipline or legal action:

A. Using the computer networks/computers for illegal, inappropriate or obscene purposes, or in support of such activities. Illegal activities are defined as activities that violate Federal, State, local laws and regulations. Inappropriate activities are defined as those that violate the intended use of the networks. Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.

B. Using the computer networks/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.
C. Using the computer networks in a manner that:

1. Intentionally disrupts network traffic or crashes the network;
2. Degrades or disrupts equipment or system performance;
3. Uses the computing resources of the school district for commercial purposes, financial gain, or fraud;
4. Steals data or other intellectual property;
5. Gains or seeks unauthorized access to the files of others or vandalizes the data of another person;
6. Gains or seeks unauthorized access to resources or entities;
7. Forges electronic mail messages or uses an account owned by others;
8. Invades privacy of others;
9. Posts anonymous messages;
10. Possesses any data which is a violation of this Policy; and/or
11. Engages in other activities that do not advance the educational purpose for which computer networks/computers are provided.

Internet Safety Protection

As a condition for receipt of certain Federal funding, the school district shall be in compliance with the Children’s Internet Protection Act, the Neighborhood Children’s Internet Protection Act, and has installed technology protection measures for all computers in the school district, including computers in media centers/libraries. The technology protection must block and/or filter material and visual depictions that are obscene as defined in Section 1460 of Title 18, United States Code; child pornography, as defined in Section 2256 of Title 18, United States Code; are harmful to minors including any pictures, images, graphic image file or other material or visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or depicts, describes, or represents in a patently offensive way, with respect to what is suitable for minors, sexual acts or conduct; or taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
This Policy also establishes Internet safety policy and procedures in the district as required in the Neighborhood Children’s Internet Protection Act. Policy 2361 addresses access by minors to inappropriate matter on the Internet and World Wide Web; the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; unauthorized access, including “hacking” and other unlawful activities by minors online; unauthorized disclosures, use, and dissemination of personal identification information regarding minors; and measures designed to restrict minors’ access to materials harmful to minors.

Notwithstanding blocking and/or filtering the material and visual depictions prohibited in the Children’s Internet Protection Act and the Neighborhood Children’s Internet Protection Act, the Board shall determine other Internet material that is inappropriate for minors.

In accordance with the provisions of the Children’s Internet Protection Act, the Superintendent of Schools or designee will develop and ensure education is provided to every student regarding appropriate online behavior, including students interacting with other individuals on social networking sites and/or chat rooms, and cyberbullying awareness and response.

The Board will provide reasonable public notice and will hold one annual public hearing during a regular monthly Board meeting or during a designated special Board meeting to address and receive public community input on the Internet safety policy - Policy and Regulation 2361. Any changes in Policy and Regulation 2361 since the previous year’s annual public hearing will also be discussed at a meeting following the annual public hearing.

The school district will certify on an annual basis, that the schools, including media centers/libraries in the district, are in compliance with the Children’s Internet Protection Act and the Neighborhood Children’s Internet Protection Act and the school district enforces the requirements of these Acts and this Policy.

Consent Requirement

No student shall be allowed to use the school districts’ computer networks/computers and the Internet unless they have filed a consent form signed by the student and his/her parent(s) or legal guardian(s).

Security of Administrative Computers

Administrative computing on behalf of the Franklin Township Board of Education represents a very valuable and expensive resource and incurs considerable potential liability to the district. In responsible recognition of these considerations, the administration shall, under the direction of the Superintendent, develop security procedures to ensure that:
1. All administrative computer equipment is maintained in a secure manner;

2. Data security is maintained by means of the following procedures:
   a. Back-up procedures for system files, libraries, and data shall be practiced in a timely fashion.
   b. Disaster recovery plans shall be kept up-to-date at all times.
   c. Password protection shall be in place and up-dated periodically.
   d. Resource security shall be in place to prevent unauthorized access to system files, libraries, and data.

3. Employee training that provides that:
   a. All new employees having, as part of their job responsibilities, access to computers information systems will be trained in the proper security procedures outlined above;
   b. All employees having, as part of their job responsibilities, access to computers and all new employees having, as part of their job responsibilities, access to information systems, will be kept up-to-date on current security procedures for equipment and data; and
   c. A transaction audit trail is available through implementation of appropriate procedures to monitor system activity and users, as necessary.

The Superintendent shall designate a Computer Security Officer to monitor system security procedures and to recommend changes as necessary.

Violations

Individuals violating this Policy shall be subject to the consequences as indicated in Regulation 2361 and other appropriate discipline, which includes but are not limited to:

1. Use of the network only under direct supervision;
2. Suspension of network privileges;
3. Revocation of network privileges;
4. Suspension of computer privileges;
5. Revocation of computer privileges;
6. Suspension from school;
7. Expulsion from school; and/or
8. Legal action and prosecution by the authorities.

N.J.S.A. 2A:38A-3
Federal Communications Commission: Children’s Internet Protection Act
Federal Communications Commission: Neighborhood Children’s Internet Protection Act

Adopted:
2411 GUIDANCE COUNSELING

The Board of Education requires that a planned program of guidance and counseling be an integral part of the educational program of the schools to assist students in making and implementing informed educational and occupational choices including academic, career and personal/social development.

A program of guidance and counseling, including developmental career guidance and exploration, shall be offered to all students in this school district and shall include the services of teaching staff members certified as guidance personnel and other designated teaching staff members.

The Superintendent is directed to implement a guidance program that carries out the purposes of this policy and:

1. Involves teaching staff members at all appropriate levels;
2. Honors the individuality of each student;
3. Is integrated with the total educational program;
4. Is coordinated with available resources of the community;
5. Provides for cooperation of school staff with parents and shares parents' concern for the development of their children;
6. Provides for the means of sharing information among appropriate staff members in the student's interest;
7. Is available equitably to all students and prohibits biased counseling and the use of materials that discriminate among students on the basis of their race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability; and
8. Establishes a referral system that utilizes all the aid the schools and community offer, guards the privacy of the student, and monitors the efficacy of such referrals.

N.J.A.C. 6A:19-1.2; 6A:8-2.2
N.J.A.C. 6A:7-1.7; 6A:8-3.2

Adopted:
2412  HOME INSTRUCTION DUE TO HEALTH CONDITION

The Board of Education shall provide instructional services to an enrolled student, whether a general education student in Kindergarten through grade twelve or special education student age three to twenty-one, when the student is confined to the home or another out-of-school setting due to a temporary or chronic health condition or a need for treatment that precludes participation in their usual education setting, whether general or special education.

A parent’s request for home instruction shall include a written determination from the student’s physician documenting the projected need for confinement at the student’s residence or other treatment setting for more than ten consecutive school days or twenty cumulative school days during the school year. The written determination from the student’s physician shall be forwarded to the school physician, who shall either verify the need for home instruction or provide reasons for denial. The parent shall be notified concerning the school physician’s verification or reasons for denial within five school days after receipt of the written determination by the student’s physician.

The school district shall be responsible for the costs of providing instruction in the home or out-of-school setting either directly, or through online services, including any needed equipment, or through contract with another district Board of Education, Educational Services Commission, Jointure Commission, or approved clinic or agency. The school district shall provide instructional services within five school days after receipt of the school physician’s verification or, if verification is made prior to the student’s confinement, during the first week of the student’s confinement to the home or out-of-school setting.

The home or out-of-school instruction shall meet the minimum standards as required in N.J.A.C. 6A:16-10.1(c). The school district shall establish a written plan for delivery of instruction and maintain a record of delivery of instructional services and student progress. The teacher providing instruction shall be a certified teacher. The teacher shall provide instruction for the number of days and length of time sufficient to continue the student’s academic progress and dependent upon the student’s ability to participate.

For a student with disabilities, the home instruction shall be consistent with the student’s Individualized Education Plan (IEP) to the extent appropriate, and shall meet the New Jersey Student Learning Standards. When the provision for home instruction for a student with disabilities will exceed thirty consecutive school days in a school year, the IEP team shall convene a meeting to review and, if appropriate, revise the student’s IEP.
For a student without disability, the home instruction shall meet the New Jersey Student Learning Standards, and the requirements of the Board for promotion to the next grade level. When the provision for home instruction for a student without disability will exceed sixty calendar days, the school physician shall refer the student to the Child Study Team for evaluation, pursuant to N.J.A.C. 6A:14.

The Board reserves the right to withhold home instruction when the reason for the student’s confinement is such as to expose a teacher to a health hazard or dangerous home situation; when a parent or other adult twenty-one years of age or older, who has been designated by the parent, is not present during the hours of instruction; or when the condition of the student is such as to preclude benefit from such instruction.

Students on home instruction will be accounted for on the attendance register as required by the Department of Education. The name of a student on home instruction will not be released at a public Board meeting or placed in a public record.

Adopted:

2415 NO CHILD LEFT BEHIND PROGRAMS

The No Child Left Behind Act (NCLB) of 2001 is a reauthorization of the Elementary and Secondary Education Act (ESEA)/Improving America’s Schools Act (IASA) 1994, providing funds to help all New Jersey’s school children achieve, at a minimum, proficiency in the State standards. NCLB embodies four key principles or pillars of education reform: accountability, flexibility, choice, and methodology. The Board of Education elects to augment the instructional program of students by projects supported by Federal funds allocated under NCLB and the district will comply with the requirements of all the programs authorized by NCLB.

The district may be eligible for several grant programs funded through NCLB, including, but not limited to, Title I through Title VI. Many of the Titles of NCLB have several parts and subparts that provide a funding source for specific purposes.

Application Procedure

The district will submit an annual No Child Left Behind Consolidated Formula Subgrant Application to the New Jersey Department of Education (NJDOE). The school district’s application shall include all information required by the NJDOE and NCLB for the district to be considered for funding under NCLB.

Covered Programs

The intent of NCLB is that all children will meet State academic achievement standards to reach their potential through improved programs. The NCLB Consolidated Formula Subgrant includes the following programs:

1. Title I, Part A provides the programs and resources for disadvantaged students to meet this intent. It requires the State and the district to close the achievement gap by placing a highly qualified teacher in every classroom, improving the qualifications of paraprofessionals who work with disadvantaged students, and using instructional practices that have proven to be effective.

2. Title I, Part D serves neglected and delinquent youth in institutions, community day programs, and correctional facilities to assure they also attain high academic levels of performance.
3. Title II, Part A provides the resources for improving teacher and Principal quality and increasing the number of highly qualified teachers and Principals in classrooms and schools, thereby raising student achievement in the academic subjects. It focuses on preparing, training, and recruiting high-quality teachers and Principals and requires the State to develop plans with annual measurable objectives that will ensure all teachers teaching in core academic subjects are highly qualified by the end of the 2005-2006 school year.

4. Title II, Part D facilitates comprehensive and integrated educational technology strategies that target the specific needs of individual schools. It improves student academic achievement through the use of technology in elementary and secondary schools, while addressing the digital divide such that every student is technologically literate by the end of eighth grade. Effective integration of technology resources and systems with teacher training and curriculum development are encouraged in order to identify and showcase best practices in educational technology.

5. Title III, Part A focuses on the teaching of English to limited English proficient (LEP) children, including immigrant children and youth.

6. Title IV, Part A provides resources for fostering a safe and drug-free learning environment that supports academic achievement.

7. Title V, Part A provides a flexible source of funding to help districts in the development and implementation of various innovative reform initiatives.

8. Title VI, Part B addresses the unique needs of rural school districts.

9. Title IX covers the general provisions applicable to some/all of the programs.

Throughout NCLB, the use of solid research to improve teaching and learning as well as student behavior is required and promoted, and parent(s)/legal guardian(s) are provided with information and options to improve the educational opportunities provided for their children. The emphasis on scientifically based methodology encourages the use of teaching techniques and practices that are founded on research and proven to produce positive results.
Title I

The largest Federal program supporting elementary and secondary education is Title I. NCLB strengthens Title I requirements for the State's assessments, accountability system, and support for school improvement. The law also establishes minimum qualifications for teachers and paraprofessionals in Title I programs.

The school district must use the best available measure for identifying children from low-income families to: identify eligible school attendance areas, determine the ranking of each area, and determine allocations as identified in the Title I guidelines and regulations.

The school district will offer Title I services to eligible children enrolled in private elementary and secondary schools. The services and benefits will be equitable in comparison to services and benefits for participating public school children.

The school district will provide the New Jersey Department of Education assurances it will provide the maximum coordination between the Title I program, the regular school program, and services provided by other programs for specialized populations. The Title I program will consider the special needs of homeless children, migrant children, children with disabilities and limited English proficient (LEP) children. Title I funds will be reserved so that migrant children who are otherwise eligible to receive Title I services, even if they arrive during the school year, are served.

Type of Title I Program

The school district will offer a Target Assistance Title I program.

Target Assistance Program

Schools that are not eligible for (or do not choose to operate) school-wide Title I programs must use Title I funds to provide targeted services to low-achieving students. A Target Assistance program must be established in accordance with the Title I guidelines and regulations and the New Jersey Department of Education.

Academic Standards, Academic Assessments, and Accountability

The district will comply with the requirements as outlined in Policy 2415.01 - Academic Standards, Academic Assessments, and Accountability in accordance with the NJDOE and NCLB.
Fiscal Responsibility

The district will comply with the requirements as outlined in Policy 2415.02 – Fiscal Responsibilities in accordance with the NJDOE and NCLB.

Staff

The district will comply with the requirements as outlined in Policy 2415.03 – Highly Qualified Teachers in accordance with the NJDOE and NCLB. In addition, the district will ensure all paraprofessionals meet the requirements as required by NCLB and as outlined in Policy 4125 – Employment of Support Staff Members.

Parental Involvement

The district will comply with the requirements as outlined in Policy 2415.04 – Parental Involvement in accordance with the NJDOE and NCLB.

Student Surveys, Analysis, and/or Evaluations

The Protection of Pupil Rights Amendment (PPRA) applies to school districts that receive Federal funding from the United States Department of Education. The district will comply with the requirements as outlined in Policy 2415.05 – Student Surveys, Analysis, and/or Evaluations in accordance PPRA.

Unsafe School Choice Option

In the event there is a school in the district designated as Persistently Dangerous in accordance with the Victims of Violent Criminal Offenses as outlined in NCLB, the district will comply with the requirements of Policy 2415.06 – Unsafe School Choice Option in accordance with the NJDOE and NCLB.

Property

Property acquired through Title I funds for use in public or private schools will be acquired in accordance with the Public School Contracts Law, will be held in title by the Board of Education, and will not be used for other purposes so long as it is required in the Title I program. Property no longer required for Title I purposes will be used for other, similarly funded projects or disposed of in accordance with State and Federal guidelines.
Capital Expenses

The Superintendent will assure the district abides by New Jersey’s Public Contracts Law; consults appropriate private school officials prior to making any decisions regarding capital expenses; ensure funds that are received to cover capital expenses provide equitable Title I services to private school students; ensure accounts for any capital funding is separately maintained; and assure lease purchase agreements are consistent with applicable statute and administrative code.

Post-Award Requirements

The school district will maintain all project records for five years following the completion of the activity for which the funds were used. The school district will prepare and submit all reports as required by the State Department of Education in a timely manner.

Supplement, Not Supplant

Grant funds provided under Federal programs, including No Child Left Behind funding, shall supplement, not supplant other non-Federal funds that are available to provide programs and services to eligible students, unless otherwise provided in the grant program.

State Waiver from Certain Provisions of No Child Left Behind (NCLB)

The State of New Jersey may receive a waiver(s) from certain provisions of NCLB from the United States Department of Education. A waiver(s) may affect the applicability of the school district’s NCLB policies and/or regulations. In the event a waiver(s) affects the applicability of Board of Education NCLB policies and/or regulations, the waiver provisions shall supersede current Board policies and/or regulations and the school district shall comply with the requirements as outlined by the New Jersey Department of Education in accordance with the waiver(s) application and approval(s) from the United States Department of Education.

Evaluation

The Superintendent will evaluate the NCLB programs as required by the United States and the New Jersey Departments of Education.

No Child Left Behind Act of 2001

Adopted:
POLICY

2415.01 ACADEMIC STANDARDS, ACADEMIC ASSESSMENTS, AND ACCOUNTABILITY

The No Child Left Behind Act of 2001 (NCLB), a reauthorization of the Elementary and Secondary Education Act (ESEA), requires New Jersey to implement a single accountability system to include challenging academic content and academic achievement standards. The accountability requirements under NCLB were built on the foundation of the former Improving America’s Schools Act (IASA).

To meet the Federal requirements, New Jersey has adopted the New Jersey Single Accountability System. State assessments in language arts literacy and mathematics are based on the New Jersey Student Learning Standards. All students enrolled in New Jersey public schools, plus all student subgroups, must meet the proficiency benchmarks to ensure the goal of 100% proficiency. Students must score either “proficient” or “advanced proficient” on the assessments to be counted toward meeting the benchmarks.

Schools are evaluated using adequate yearly progress (AYP) indicators. Student achievement is determined by grade span (Elementary School – grades three through five, Middle School – grades six through eight, and High School – grades nine through twelve) and in each content area. There are indicators that must be met (including participation and proficiency rates) plus a secondary indicator. A safe harbor calculation is applied to measure significant progress if the benchmark is missed. When a school does not meet AYP for two consecutive years in the same content area, it is designated as a “school in need of improvement.”

AYP shall be calculated for all New Jersey schools under the provisions of NCLB. Schools that do not meet AYP as defined under NCLB are placed into one of the following categories. Title I schools in need of improvement must implement the sanctions for each category.

Year 1 – Early Warning: A school that does not make AYP for one year is placed into “early warning” status.

Year 2 – In Need of Improvement/School Choice: A school that does not make AYP for two consecutive years in the same content area is designated as a “school in need of improvement.” Parents/legal guardians shall be promptly notified if their child’s school has been designated as in need of improvement. For Title I schools certain interventions apply, including intradistrict school choice (or supplemental educational services if choice is not available) and development of a school improvement plan (Title I Unified...
Plan). The district must offer the school technical assistance to address the areas that caused the school to be in need of improvement. Parents/legal guardians shall be notified of their right to request intradistrict public school choice and parents/legal guardians of eligible students shall be notified of the availability of supplemental educational services, if choice is not available, including the provider list Web address.

Year 3 – In Need of Improvement/Supplemental Educational Services (SES): A school that does not make AYP for three consecutive years in the same content area shall continue to be identified as a “school in need of improvement.” The Title I school must continue to offer intradistrict school choice and must also offer SES to eligible students. Technical assistance must continue to be offered by the district, parents must receive notification of the school’s status, and the school improvement plan (Title I Unified Plan) is updated annually. Parents/legal guardians of eligible students shall be notified of the availability of supplemental educational services, if choice is not available, including the provider list Web address.

The New Jersey Department of Education (NJDOE) offers school support by engaging a team of experienced professionals to conduct an extensive school review called Collaborative Assessment and Planning for Achievement (CAPA). The CAPA team interviews stakeholders and staff, reviews school and district documents, and conducts on-site observations to develop a report that contains recommendations for school improvement, which then becomes part of the Title I Unified Plan.

Year 4 – Corrective Action: A school that does not make AYP for four consecutive years in the same content area is identified as a school in corrective action. The Title I school must continue to offer intradistrict school choice and SES, notify parents of the school’s status, revise its school improvement plan (Title I Unified Plan), and receive technical assistance from the district and the NJDOE.

The district must take at least one of the following corrective actions:

1. Provide, for all relevant staff, appropriate, scientifically research-based professional development that is likely to improve academic achievement of low-performing students.

2. Institute a new curriculum grounded in scientifically-based research and provide appropriate professional development to support its implementation.
3. Extend the length of the school year or school day.

4. Replace the school staff who are deemed relevant to the school not making adequate progress.

5. Significantly decrease management authority at the school.

6. Restructure the internal organization of the school.

7. Appoint one or more outside experts to advise the school how to revise and strengthen the improvement plan it created while in school improvement status and how to address the specific issues underlying the school's continued inability to make AYP.

Year 5 – Planning for Restructuring: A Title I school that does not make AYP for five consecutive years in the same content area must plan to restructure. The restructuring plan is implemented at the beginning of the following school year if the school continues to miss AYP benchmarks and moves to Year 6. During the planning year, the Title I school must continue to offer intradistrict school choice and SES, notify parents of the school's status and invite parent input during the restructuring process, and receive technical assistance from the district and the NJDOE. The technical assistance design for a school being restructured emphasizes the following:

1. The importance of improving instruction by using strategies grounded in scientifically-based research so that all children in the school achieve proficiency in the core academic subjects of language arts and mathematics.

2. The importance of analyzing and applying data in decision-making.

The restructuring plan must include one of the following alternative governance systems for the school as outlined by NCLB regulations and consistent with New Jersey practice and statutes:

1. Implement any major restructuring of the school’s governance that is consistent with the principles of restructuring as set forth in the No Child Left Behind Act.

3. Replace all or most of the school staff, which may include the Principal, who are relevant to the school’s inability to make adequate progress (consistent with existing contractual provisions and applicable statutory protections in Title 18A).

Year 6 – Restructuring-1: A Title I school that does not make AYP for six consecutive years in the same content area must implement the approved restructuring plan. The Title I school must continue to offer intradistrict school choice and SES, notify parents of the school’s status and invite parent input and support during the implementation process, and receive technical assistance from the district and the NJDOE. Technical assistance is critical to help school staff remain focused on increasing student achievement while the school is adjusting to potentially radical changes in its administration and governance structures. A CAPA visit will occur at the school to determine the fidelity of implementation of the restructuring plans and to review the governance structure of the school.

Year 7 (and over) – Restructuring-2 (and over): If the school has not made AYP for seven or more consecutive years, the NJDOE will meet with school and district administrators to continually review implementation of the restructuring plan/Title I Unified Plan. Benchmark meetings with NJDOE staff, the school, and the district will occur twice a year to assess and support implementation of the school improvement plan.

Removal from Early Warning/Improvement Status: To be removed from early warning or improvement status, the school must make AYP for two consecutive years in the content area that caused the school to go into status, providing the school makes AYP in the other content areas. The first year of making AYP is a “hold year” and the school does not progress to the next sanction level, but must continue to implement current interventions. If the school does not make AYP the year following “hold,” the school goes back into improvement status at the level prior to the hold year.

No Child Left Behind Act of 2001, §1111

Adopted:
2415.02 TITLE I – FISCAL RESPONSIBILITIES

The Franklin Township Board of Education will comply with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001.

Maintenance of Effort

To be in compliance with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001, §1120A(a), the Franklin Township Board of Education will maintain a combined fiscal effort per student, or aggregate expenditures, of State and local funds with respect to the provision of the free public education in the Local Education Agency (LEA) for the preceding fiscal year that is not less than ninety percent of the combined fiscal effort per student, or the aggregate expenditures, for the second preceding fiscal year.

Comparability with Multiple Schools

To be in compliance with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001, §1120A(c), the Franklin Township Board of Education directs the Superintendent to assign teachers, administrators, and auxiliary personnel to the schools in such a way that the equivalence of personnel is ensured among schools.

Comparability of Materials and Supplies

To be in compliance with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001, §1120A(c), the Franklin Township Board of Education directs the Superintendent to distribute curriculum materials and instructional supplies to the schools in such a way that the equivalence of such material is ensured among schools.

No Child Left Behind Act of 2001, §1120A

Adopted:
2415.03 HIGHLY QUALIFIED TEACHERS

The No Child Left Behind Act (NCLB) requires all teachers be or become highly qualified in the core academic content area(s) they teach in accordance with the United States Department of Education and the New Jersey Department of Education highly qualified teacher requirements.

Teachers who have achieved highly qualified status retain highly qualified status permanently for the teaching assignment designated on the approved highly qualified teacher forms. No teacher providing direct instruction in core content areas is grandfathered or exempt from this process.

The district shall maintain the appropriate highly qualified documentation for all teachers who provide direct instruction in core content areas. When a teacher changes teaching assignments, which requires different content expertise, additional highly qualified teacher forms must be completed and kept on file within the district. Highly qualified teacher documentation should be completed for all new teachers and for those with new teaching assignments at the beginning of each school year.

When a teacher obtains employment in a new school district, the new district must contact the previous place of employment to have the teacher’s official highly qualified teacher forms sent to the new district. A teacher hired from another State must hold New Jersey certification and must meet New Jersey’s highly qualified teacher requirements. Out-of-State teachers may provide documentation to support their highly qualified teacher status from the previous State in which they taught.

All Title I schools must send out a Right-to-Know letter in the beginning of every school year informing parent(s) or legal guardian(s) that they have the right to know the qualifications of their child’s teacher. The letter should be sent by all Title I and non-Title I districts. In addition, in all Title I schools, the parent(s) or legal guardian(s) of students whose teacher is not yet highly qualified must be notified. Copies of these letters must be kept on file in the school.

No Child Left Behind Act of 2001, §1119

Adopted:
GENERAL EXPECTATIONS

The school district will put into operation programs, activities, and procedures for the involvement of parents in all of its schools with Title I, Part A programs, consistent with Section 1118 of the Elementary and Secondary Education Act (ESEA). These programs, activities, and procedures will be planned and operated with meaningful consultation with parents of participating children.

Consistent with Section 1118, the school district will work with its schools to ensure that the required school-level parental involvement policies meet the requirements of Section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with Section 1118(d) of the ESEA.

The school district will incorporate this District-Wide Parental Involvement Policy into its school district’s plan developed under Section 1112 of the ESEA.

In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Section 1111 of the ESEA in an understandable and uniform format, including alternative formats upon request, and to the extent practicable, in a language parents understand.

If the school district’s plan for Title I, Part A, developed under Section 1112 of the ESEA, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the New Jersey Department of Education.

In the event the school district is required to reserve and spend at least one percent of the district’s Title I, Part A allocation, the school district will involve the parents of children served in Title I, Part A school’s decisions about how these funds will be spent and will ensure that not less than ninety-five percent of the one percent reserved goes directly to the schools.

The school district will be governed by the following statutory definition of parental involvement, and expects Title I schools in the district will carry out programs, activities, and procedures in accordance with this definition:
Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

1. That parents play an integral role in assisting their child’s learning;
2. That parents are encouraged to be actively involved in their child’s education at school;
3. That parents are full partners in their child’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child; and
4. The carrying out of other activities, such as those described in Section 1118 of the ESEA.

In the event the State of New Jersey or the New Jersey Department of Education has a Parental Information and Resource Center, the school district will inform parents and parental organizations of its purpose and existence.

IMPLEMENTATION

Below is a description of how the district will implement or accomplish each of the following components outlined below (Section 1118(a)(2), ESEA):

1. The district will take the following actions to involve parents in the joint development of its district-wide parental involvement plan under Section 1112 of the ESEA:
   a. Parents will be informed by Title I school Principal of a meeting to develop the parent involvement plan.
   b. The initial meeting and subsequent meeting will be held at a time convenient for the population of the individual school.

2. The district will take the following actions to involve parents in the process of school review and improvement under Section 1116 of the ESEA:
   a. Parents will be informed by the Title I school Principal of meetings to provide information about the process of school improvement as well as programs funded by the ESEA, including a description and explanation of curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet.
3. The district will provide the following necessary coordination, technical assistance, and other support to assist Title I, Part A schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance:
   a. The school will provide written information to parents about programs including tutorial and intervention programs and translate this information as applicable.
   b. The school will provide informational opportunities for parents such as workshops regarding programs including tutorial and intervention programs and have translation services available.

4. The school district will take the following actions to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this Parental Involvement Policy in improving the quality of its Title I, Part A schools. The evaluation will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The school district will use the findings of the evaluation about its Parental Involvement Policy and activities to design strategies for more effective parental involvement, and to revise, if necessary (and with the involvement of parents) its parental involvement policies.
   a. At meetings held throughout the year, the Principal and parents will discuss the intervention programs and workshops previously held to plan for future programs and workshops.

The school district will build the school’s and parent’s capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, through the following activities specifically described below:

1. The school district will, with the assistance of its Title I, Part A schools, provide assistance to parents of children served by the school district or school, as appropriate, in understanding topics such as the following, by undertaking the actions described below:
   - New Jersey’s academic content standards;
   - New Jersey’s student academic achievement standards;
The New Jersey and local academic assessments including alternate assessments;

- The requirements of Part A;

- How to monitor their child’s progress; and

- How to work with educators.

The aforementioned topics will be discussed at the annual meeting with the Principal.

2. The school district will, with the assistance of its schools, provide materials and training to help parents work with their children to improve their children’s academic achievement, such as literacy training, and using technology, as appropriate, to foster parental involvement, by:

   Providing information at parent meetings and workshop during the school year.

3. The school district will, with the assistance of its schools and parents, educate its teachers, student services personnel, Principals and other staff in how to reach out to, communicate with, and work with parents as equal partners in the value and utility of contributions of parents, and in how to implement and coordinate parent programs and build ties between parents and schools, by:

   Providing Title I teachers and administrators with the opportunity to attend workshops and conferences related to Title I.

4. The school district will take the following actions to ensure that information related to the school and parent programs, meetings, and other activities, is sent to the parents of participating children in an understandable and uniform format, including alternative formats upon request, and, to the extent practicable, in a language the parents can understand:

   If appropriate, and realistic, documents can be translated upon request.

Adopted:
2415.05 STUDENT SURVEYS, ANALYSIS AND/OR EVALUATIONS

The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. §1232h; 34 CFR Part 98) applies to school districts that receive funding from the United States Department of Education.

Consent

PPRA requires written consent from parents/legal guardians and students who are eighteen years old or emancipated minor students before minor students are required to participate in a survey, analysis, or evaluation funded in whole or in part by a program of the United States Department of Education that concerns one or more of the following nine areas referred to as “protected information surveys”:

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as with lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or parents;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program); or
9. Social security number.

This consent requirement also applies to the collection, disclosure or use of student information for marketing purposes, referred to as “marketing surveys”, and for certain physical examinations and screenings.
"Opt a Student Out" Notice

The parents and eligible students will be provided an opportunity to opt a student out of participating in:

1. The collection, disclosure, or use of personal information obtained from students for marketing, to sell, or otherwise distribute information to others;

2. The administration of any other "protected information survey" not funded in whole or in part by the United States Department of Education; and

3. Any non-emergency, invasive physical examination required as a condition of attendance, administered by the school district or its agents, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, scoliosis screenings, or any physical examination or screening permitted or required under State law.

Inspection

The parents and eligible students, upon request and before administration or use, have the right to inspect:

1. Protected information surveys of students;

2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and

3. Instructional material used as part of the educational curriculum.

The Superintendent or designee shall be responsible for obtaining the consent, annual direct notification to parents and eligible students at the start of each school year and after any substantive changes of the "opt a student out" rights and the inspection rights provisions of PPRA and this Policy. The "opt a student out" notice shall include any specific or approximate dates of the activities eligible for a student to "opt out."
PPRA Consent/ Opt Out Violations

Parents or students who believe their rights under PPRA may have been violated may file a complaint with United States Department of Education.

No Child Left Behind Act of 2001, Title X, Part F, §1061

Adopted:
2415.06 UNSAFE SCHOOL CHOICE OPTION

The New Jersey Department of Education (NJDOE) is required to establish an Unsafe School Choice Option (USCO) Policy per the Elementary and Secondary Act (ESEA) of 1965, as reauthorized under the Federal Every Student Succeeds Act of 2015 (ESSA). The USCO Policy requires that students who attend a persistently dangerous public elementary or secondary school as determined by the NJDOE, or become victims of a violent criminal offense while in or on school grounds of a public school that they attend, be allowed to attend a safe public school within the district. The USCO provision under the ESSA contains two provisions that apply to school districts that receive funds under ESSA: Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving ESSA funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of this USCO Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under ESSA. The Superintendent is required to certify compliance with this USCO Policy to the NJDOE in the application for ESSA funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

1. Criteria for Determining PDS.

A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the NJDOE for three consecutive years and is part of a school district that receives funds under ESSA. The NJDOE will use the most current available data from the Electronic Violence and Vandalism Reporting System (EVVRS) to identify PDS on or before July 31 of each year.

2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

A school district will be notified by the NJDOE on or before July 31 of each year if a school(s) in the school district has been identified as a PDS. Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.
Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer students should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

To the extent possible, the district will allow transferring students to transfer to schools that have not been identified as low performing, under the State’s ESSA accountability system. When a transfer school is not available within the school district, the district may seek arrangements for students to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected students and parents.

If a school in the district is identified by the NJDOE as persistently dangerous, the district will submit to the NJDOE documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. Additionally, the district is required to develop and submit for approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school with guidance for its corrective action plan, as well as monitor the school district’s timely completion of the approved plan.

In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school’s progress towards completing its corrective action plan and compare the current year’s incidents of violence, as reported on the EVVRS, to the criteria for determining PDS. A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by September 30 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year in accordance with 2. above.
A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by evidence of the school’s progress toward successfully completing the approved corrective action plan, and evidence of incidents that no longer meet the criteria for determining PDS, described above, for one school year, the year in which the corrective action plan was in effect.

4. Procedures and Guidelines for Early Warning of Schools.

When a school meets the criteria set forth in this Policy for one year, the district will be informed of the types of offenses reported that have led to an early notification. This notification, on or before August 15 of each year, will be informational only. A school that no longer meets the criteria for PDS for one year will no longer be considered in early notification status. A school that meets the criteria for two consecutive years will move into early warning status outlined below.

If a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of the pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit for approval a school safety plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The school safety plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide an early warning school with guidance for its school safety plan, as well as monitor the school’s timely completion of the approved plan. A school receiving an “early warning” notice is not required to provide the transfer option to students.

In the spring of each following year, the NJDOE will reevaluate the school’s progress towards completing its school safety plan and compare the current year’s incidents of violence, as reported on the EVVRS, to the criteria for determining PDS. The school will be notified of its status on or before July 31 of the respective year.

A school that no longer meets the criteria for PDS for one school year, the year in which the school safety plan was in effect, will no longer be required to submit a school safety plan.
A school that meets the criteria for PDS for a third consecutive year will be
designated persistently dangerous and will be required to submit for approval a
corrective action plan on or before September 30 of that year, which will apply to
the respective school year and provide the transfer option to students in the school
designated as persistently dangerous.

5. Schools Not Receiving ESSA Funds, but Meeting the Criteria for PDS.

School buildings and districts that do receive Federal funds under ESSA, but meet
any one of the criteria for PDS will be contacted by the NJDOE and be required to
develop and submit for approval a school safety plan on or before September 30
of the respective year. The school safety plan must be completed in the format
provided by the NJDOE and describe how the school will reduce the number of
incidents of violence as determined by the EVVRS. The NJDOE will provide the
school with guidance for its school safety plan, as well as monitor the school’s
timely completion of the approved plan.

USCO Policy Provision II – Victims of Violent Criminal Offenses

The Unsafe School Choice Option provision under the ESSA requires a student who becomes a
victim of a violent criminal offense, as determined by State law, while in or on the grounds of a
public elementary or secondary school that the student attends, be allowed to attend a safe public
elementary or secondary school within the district, including a public charter school.

The individual victim provision of this Policy attempts to fulfill the requirement for the school
district to provide relief to students who have been victimized, while providing a school with a
practical means for making determinations on incidents of victimization that are within the
purview of the school district. The individual victim section of this Policy has been crafted to
enable school staff to make reasonable determinations and actions regarding this Policy. The
Superintendent will consult with the Board attorney and communicate with designated local
and/or county law enforcement authorities, per the provisions of the Uniform State Memorandum
of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)13,
on questions and issues that arise in the implementation of the individual victims of violent
criminal offenses section of this Policy.

1. Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has
become a victim of a violent criminal offense while in or on the grounds of a
public elementary or secondary school that the student attends. These criteria
only apply to a student who has become a victim of one or more of the violent
criminal offenses enumerated below:
A student is considered a victim of a violent criminal offense when:

a. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and

b. One or more of the following applies:

(1) Law enforcement officials have filed formal charges against the offender(s) for commission of the violent crime; or

(2) The offender(s) has received sanctions in accordance with the Board of Education’s Code of Student Conduct; or

(3) The offender(s) either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or

(4) The pre-existence of a restraining order against the offender(s).

2. Procedures and Guidelines

Effective the first day of each school year, the district must be prepared to begin the transfer of any student who chooses to exercise the individual choice option provision. The district must offer, within fourteen calendar days of the incident, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that has not been identified as low performing, under the State’s ESSA accountability system. In addition, when a transfer school is not available within the district, the district may seek arrangements for a student to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.
3. Violent Criminal Offenses

The violent criminal offenses under New Jersey statutes that apply to the individual victim provision of this Policy are identified and explained below. The offenses apply to completed offenses, as well as attempts to commit the offenses. The offenses and attempts to commit the offenses apply only when they occur in or on the school grounds, as defined in N.J.A.C. 6A:16-1.3, of the school that the student attends. The offenses apply whether they occur wholly or in part in or on the grounds of the school that the student attends. The offenses apply only to acts or attempts that are directed at a person (victim) or a group of specified individuals (victims), rather than acts that indiscriminately affect the entire school population or non-specified individuals or groups.

4. Applicable Violent Criminal Offenses

Below is a description of each applicable violent criminal offense that is based upon New Jersey statutes and references to statutory citations that provide complete explanations of each designated offense. The descriptions provided below are not intended to be a complete explanation of each offense or a substitute for the actual provisions of the authorizing statutes. Instead, the descriptions are provided as an aid in facilitating understanding of the general intent and practical applications of the violent criminal offenses that pertain to this Policy.

a. Homicide [N.J.S.A. 2C:11-2] - A student is a victim of a homicide when he or she is the child, sibling or other relative of a decedent, resulting from someone purposely, knowingly or recklessly causing the death of the student’s parent, sibling, or relative in or on school grounds.

b. Assault [N.J.S.A. 2C:12-1(A)(1-3) and 2C:12-1(B)(1-4)] - A person is a victim of an assault when the actor: purposely, knowingly, or recklessly causes bodily injury to the victim; negligently, recklessly, knowingly, or purposely causes bodily injury to the victim with a deadly weapon; attempts by physical menace to put the victim in fear of imminent serious bodily injury; or knowingly points a firearm at or in the direction of the victim, whether or not the actor believes it to be loaded.

c. Sexual Assault [N.J.S.A. 2C:14-2] - A student is a victim of a sexual assault when the student is a victim of an act of sexual contact when the victim is less than thirteen years old and the actor is at least four years older than the victim, or the student is a victim of an act of sexual penetration under any of the following circumstances:
(1) The victim is less than thirteen years old.

(2) The victim is at least thirteen, but less than sixteen years old; and the actor is at least four years older than the victim.

(3) The victim is at least sixteen years old, but less than eighteen years old; and the actor has supervisory or disciplinary power over the victim.

(4) The actor uses physical force or coercion.

(5) The victim is one whom the actor knew or should have known was physically helpless, mentally defective, or mentally incapacitated.

d. Bias Intimidation [N.J.S.A. 2C:16-1(A)] - A person is a victim of the crime of bias intimidation when an actor commits, attempts to commit, conspires with another to commit or threatens the immediate commission of an offense specified in Chapters 11 through 18 of Title 2C of the New Jersey Statutes; N.J.S.A. 2C:33-4; N.J.S.A. 2C:39-3; N.J.S.A. 2C:39-4 or N.J.S.A. 2C:39-5 in the following circumstances:

(1) With a purpose to intimidate a victim or a group of specified victims because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or

(2) Knowing that the conduct constituting the offense would cause a victim or a group of specified victims to be intimidated because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or

(3) Under circumstances that caused any victim of the underlying offense to be intimidated and the victim, considering the manner in which the offense was committed, reasonably believed either that:

(a) The offense was committed with a purpose to intimidate the victim or any person or entity in whose welfare the victim is interested because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
POLICY

FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2415.06/page 8 of 10
Unsafe School Choice Option

(b) The victim or the victim's property was selected to be the target of the offense because of race, color, religion, gender, handicap, sexual orientation, or ethnicity.

e. Terroristic Threat [N.J.S.A. 2C:12-3(A) and 2C:12-3(B)] - A person is a victim of a terroristic threat when the actor threatens to commit one of the violent criminal offenses enumerated under this Policy against the victim with the purpose to put the student in imminent fear of one of the violent crimes enumerated in this Policy under circumstances reasonably causing the victim to believe the immediacy of the threat and the likelihood that it will be carried out. The definition of terroristic threat applies to N.J.S.A. 2C:12-3(a) insofar as the threat was directed at a person (victim) or a group of specified individuals (victims).

f. Robbery [N.J.S.A. 2C:15-1] - A person is a victim of a robbery when the actor, in the course of committing a theft, inflicts bodily injury; or uses force upon the victim; threatens the victim with or purposely puts the victim in fear of immediate bodily injury.

g. Kidnapping [N.J.S.A. 2C:13-1] - A person is a victim of a kidnapping when the actor unlawfully removes the victim from the school or school grounds; or the actor unlawfully confines the victim with the purpose of holding the victim for ransom or reward as a shield or hostage; or the actor unlawfully removes the victim from the school or school grounds or a substantial distance from where he or she is found in school or on school grounds; or if the actor unlawfully confines a student for a substantial period of time with any of the following purposes: to facilitate commission of a crime or flight thereafter, or to inflict bodily injury on or terrorize the victim.

h. Arson [N.J.S.A. 2C:17-1] - A person is a victim of arson when the actor purposely or knowingly starts a fire or causes an explosion in or on the grounds of a school whereby the victim or group of specified victims are in danger of death or bodily injury; or with the purpose of destroying or damaging the victim's or group of specified victim's property that is in the school or on school grounds.
Miscellaneous Provisions of USCO

1. Transfer Time Period – PDS

   The transfer will be temporary and will be in effect as long as the student’s original school is identified as persistently dangerous.

2. Charter School Transfer Option

   While ESSA permits affected students to be afforded the opportunity to attend a public charter school, in addition to a safe public elementary school or secondary school within the school district, the application of this provision in New Jersey is limited. Transfers to a charter school can only occur as a part of the charter school’s “equal opportunity” selection process and among charter schools administered under the same managing authority (i.e., charter schools within the charter school district).

   Since charter schools in New Jersey are considered public local education agencies (LEA’s), pursuant to N.J.S.A. 18A:36A-3, operated independently of a local board of education, transfers may only take place among charter schools within the LEA. Therefore, students may be permitted to transfer to another charter school that is administered under the same managing authority of the charter school, but are not permitted to transfer to a school in the local public school district administered by a local board of education.

   However, pursuant to N.J.S.A. 18A:36A-7, a charter school must be open to all students on a space available basis and may not discriminate in its admission policies or practices (although it may establish reasonable criteria to evaluate prospective students), and in accordance with N.J.S.A. 18A:36A-8, if there are more applications to enroll in the charter school than there are spaces available, the charter school must select students to attend using a random selection process for enrollment.

3. Funding Sources for USCO

   The USCO statute does not authorize resources specifically to help cover USCO costs associated with transferring a student from a PDS. However, under certain circumstances Federal funds may be used. For example, ESEA Title IV, Part A [Section 4115(b)(2)(E)(v)] may be used to establish safe zones of passage to and from school to ensure that students travel safely on their way to school and on their way home. In addition, ESEA Title IV, Part A [Sections 5121(8) and 5131(12) and (25)] funds may be used to help cover costs such as tuition or transportation related to the USCO or expansion of public school choice.
4. Special Education Students

The district will provide transferred special education students with the program required by the student’s Individualized Education Program (IEP).

5. Transfer Schools

In the event there is not another school within the school district for a transferring student, the district is not required to transfer the student to a school outside the school district.

The district will use the school choice option as one response to incidents of victimization. Additionally, the district will develop and implement appropriate strategies for addressing the circumstances that contribute to or support victimization, as well as consistently and proactively manage individuals who have victimized students. The district will promote the importance of school safety and respond to the needs of students and staff. Pursuant to the law, the district will provide an opportunity for students, parents and school district and law enforcement personnel to discuss methods for keeping schools safe from violence; to create school safety plans; and to recognize students in need of help. The district will organize activities to prevent school violence, including, but not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity and tolerance. Law enforcement personnel will be invited to join members of the teaching staff in the discussions. Programs shall also be provided for school district employees that are designated to help school district employees recognize warning signs of school violence and to instruct school district employees on recommended conduct during an incident of school violence.

In accordance with the provisions of N.J.S.A. 18A:17-46, two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing, the Superintendent shall report to the Board of Education all acts of violence; vandalism; and harassment, intimidation, and bullying which occurred during the previous reporting period.

Title VIII, Part F, Subpart 2, SEC. 8532
Every Student Succeeds Act (ESSA) of 2015

Adopted:
2415.20 NO CHILD LEFT BEHIND COMPLAINTS

Pursuant to 20 USC 7844, Sec 9304 (a)(3)(C), of the No Child Left Behind Act of 2001 (NCLB), a Board of Education shall adopt a policy and written procedures that offer parent(s) or legal guardian(s), public agencies, other individuals, or organizations a method for receipt and resolution of complaints alleging violations in the administration of the NCLB programs as identified by the New Jersey Department of Education (NJDOE).

Policy and Regulation 2415.20 set forth the requirements for resolving complaints presented by any individual or organization that:

1. A school, school district, other agency authorized by the school district, or by the NJDOE violated the administration of education programs required by the Elementary and Secondary Education Act as amended by NCLB; and/or

2. The NJDOE violated the administration of education programs required by the Elementary and Secondary Education Act as amended by NCLB.

A Complaint shall be a written allegation that shall identify the alleged NCLB violation, the facts supporting the alleged violation, and any supporting documentation.

A Complaint alleging a school in the district, school district, or other agency authorized by the school district, or the NJDOE violated the administration of a program must be submitted to the Assistant Superintendent for Curriculum and Instruction. The Assistant Superintendent for Curriculum and Instruction shall be responsible to coordinate the investigation of the Complaint. The Assistant Superintendent for Curriculum and Instruction shall submit a written report regarding the outcome of the investigation to the complainant. If the complainant is not satisfied with the outcome of the investigation, the complainant may initiate a Complaint by submitting a written Complaint to the NJDOE to the attention of the County Superintendent. The County Superintendent will coordinate the investigation of a Complaint. When the investigation is complete, the County Superintendent will notify the complainant in writing regarding the outcome of the investigation. If it is determined a violation has occurred, the Assistant Commissioner assigned to oversee the matter shall identify and impose appropriate consequences or corrective actions as required by regulation to resolve the Complaint. If the complainant does not agree with the NJDOE’s decision, the complainant may appeal to the United States Department of Education Secretary.
A Complaint alleging the NJDOE violated the administration of a program must be submitted to the New Jersey Department of Education Chief of Staff or the United States Department of Education Secretary. The NJDOE requests the complainant first contact the New Jersey Department of Education Chief of Staff to resolve the issue. The NJDOE Office of Strategic Initiatives and Accountability will coordinate the investigation of a Complaint. When the investigation is complete, the Chief of Staff will notify the complainant in writing regarding the outcome of the investigation. If it is determined a violation has occurred, the Chief of Staff shall identify and impose appropriate consequences or corrective actions as required by regulation to resolve the Complaint. If a complainant does not agree with the NJDOE’s decision, the complainant may appeal to the United States Department of Education Secretary.

New Jersey Department of Education 1/26/07 Memorandum – No Child Left Behind Complaint Policy and Procedure

Adopted:
2415.30 TITLE I – EDUCATIONAL STABILITY FOR CHILDREN IN FOSTER CARE

The Federal Every Student Succeeds Act (ESSA), which reauthorized the Elementary and Secondary Education Act (ESEA), initiated protections for children in foster care that further enhanced the requirements of the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Fostering Connections Act). These provisions require school districts to work with child welfare agencies to ensure the educational stability of children in foster care. New Jersey statutes support and implement Federal legislation and require New Jersey’s child welfare agencies and school districts to collaborate and to keep children placed in foster care in the same school when their living placements change if remaining in that school is in the child’s best interest. The educational stability of children in foster care is the joint responsibility of both the educational and child welfare systems.

The Director of School Management shall be designated as the Board of Education’s point of contact person for all matters related to the educational stability for children in foster care. The point of contact person for the school district shall not be the same person designated as the school district liaison for the education of homeless children.

For the purpose of this Policy, “child welfare agency” shall be the New Jersey Department of Children and Families.

For the purpose of this Policy, “foster care” means twenty-four hour substitute care for children placed away from their parents and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes.

For the purpose of this Policy, “school of origin” is the school district in which the child is enrolled at the time of placement in foster care or the school district of residence as per N.J.S.A. 30:4C-26 and N.J.S.A. 18A:7B-12.

A child in foster care shall remain in his/her school of origin if it is determined to be in the best interest of the child for the duration of time in foster care.

If a student attending the school district in accordance with the provisions of N.J.S.A. 18A:38-1 et seq. is placed in foster care, the school district contact person will collaborate with child welfare agencies to determine whether it is in the child’s best interest to remain in the school district taking into consideration all factors relating to the child’s best interest. These factors shall include the appropriateness of the current educational setting and proximity of placement (ESEA Section 1111(g)(1)(E)(i)). These factors may include, but are not limited to:
1. Preferences of the child;
2. Preferences of the child’s parent(s) or educational decision maker(s);
3. The child’s attachment to the school, including meaningful relationships with staff and peers;
4. The proximity of the resource family home to the child’s present school;
5. The age and grade level of the child as it relates to the other best-interest factors;
6. The needs of the child, including social adjustment and well-being;
7. The child’s performance, continuity of education, and engagement in the school the child presently attends;
8. The child’s special education programming if the child is classified;
9. The point of time in the school year;
10. The child’s permanency goal and likelihood of reunification;
11. The anticipated duration of the placement;
12. Placement of the child’s sibling(s);
13. Influence of the school climate on the child, including safety;
14. The availability and quality of the services in the school to meet the child’s educational and socioemotional needs;
15. History of school transfers and how they have impacted the child;
16. How the length of the commute would impact the child, based on the child’s developmental stage;
17. Whether the child is a student with a disability under the Individuals with Disabilities Act (IDEA) who is receiving special education and related services or a student with a disability under Section 504 who is receiving special education or related aids and services and, if so, the availability of those required services in a school other than the school of origin; and
18. Whether the child is an English language learner (ELL) and is receiving language services, and, if so, the availability of those required services in a school other than the school of origin, consistent with Title VI and the Equal Educational Opportunities Act of 1974 (EEOA).

The school district’s point of contact person will discuss these factors and will make every effort to gather meaningful input and participation from the relevant parties, including appropriate school personnel, in the best-interest determination.

Eligible students with disabilities retain their right to receive a free appropriate public education in the least restrictive environment. When making a best-interest determination regarding the educational placement of a student with a disability under IDEA and Section 504, the Board must ensure that all required special education and related services are provided in the least restrictive placement where the child’s unique needs, as described in the student’s Individualized Education Program (IEP) or Section 504 Plan, can be met. The school district will identify and assess all potential ELL students and provide all ELL students, including ELL students in foster care, with a language assistance program that is educationally sound and proven successful. When a best-interest determination is made for an ELL student in foster care, the Board of Education will comply with its obligations under Title VI and the EEOA.

To the extent feasible, a child shall remain in his/her school of origin until a final best-interest determination is made. The child welfare agency will notify the school district of origin of the child’s school placement after collaboration with the Board of Education’s point of contact person and after the child’s best-interest determination has been made. If a change of school is recommended by the child welfare agency, the new school shall immediately contact the school of origin to obtain relevant academic and other records of the foster care child. The financial responsibility for the payment of tuition for a foster care child placed outside the school district of origin and attending school outside the school district of origin shall be determined by the Commissioner of Education in accordance with N.J.S.A. 18A:7B-12 – Determination of District of Residence.

A foster care child who has been placed in this district and exits foster care during the school year will be permitted to continue in this school district for the remainder of the school year, if the child exits foster care after February 1 of that school year. The Board will not assume any transportation responsibility in such cases.

In the event there is a disagreement regarding school placement for a child in foster care, the school district will comply with the legal requirements for resolving the dispute. A parent can appeal a best-interest determination whenever the child changes schools.
Children placed in foster care outside the school district of origin, attending a school in that district, will be provided transportation to and from school in accordance with N.J.A.C. 6A:27-6.1 et seq. and the Transportation Policy of that district. The district of origin is financially responsible for transportation costs to and from school.

Children placed in foster care outside the school district of origin, but remaining in a school within the school district of origin, shall receive transportation to and from school on a "cost-efficient" manner and in accordance with Section 475(4)(A) of the Social Security Act for the duration of the time the child is in foster care. The district of origin is financially responsible for transportation costs to and from school.

The cost of transportation shall not be considered when determining the best interest of the child.

Section 475(4)(A) of the Social Security Act provides guidance on "cost-effective" transportation as it relates to the cost of reasonable travel for foster care children placed outside the school district of origin to their school of origin indicating: the child may be dropped off at a bus stop just within the school district of origin to be transported to a school in the district of origin; the school district may offer a public transportation option; the foster care parents or other families may be willing to drive the child to school in the school district of origin; the school district may utilize pre-existing bus routes or stops close to the out-of-district foster care placement that cross school district boundaries; or the foster care child may be eligible for transportation under other Federal or State requirements.

In the event there is a disagreement regarding transportation for a child in foster care, the school district will comply with the New Jersey Department of Education requirements for resolving the dispute. The Board of Education shall provide or arrange for adequate and appropriate transportation for foster care children while any disputes are being resolved.

In all cases regarding student data and records, the Board of Education will comply with all statutory requirements to protect student privacy, including Family Education Rights and Privacy Act (FERPA), and all other privacy requirements under Federal laws, State statutes, and administrative codes.

N.J.S.A. 30:4C-26
New Jersey Department of Education Memorandum dated October 4, 2016 – Ensuring Educational Stability for Children in Foster Care

Adopted:
2416 PROGRAMS FOR PREGNANT STUDENTS

No student, married or unmarried, who is otherwise eligible for enrollment in this district will be denied an educational program because of pregnancy, childbirth, pregnancy-related disabilities, or actual or potential parenthood.

The Board of Education reserves the right to require as a prerequisite for participation in the regular instructional program and in the co-curricular program that a pregnant student present to the school Principal her physician's written statement that such participation will not be injurious to her health or jeopardize her pregnancy.

The Superintendent shall develop a program of special instruction in health and nutrition and shall direct appropriate teaching staff members to counsel the pregnant student, to assist her in securing necessary medical services, to cooperate with community resources on her behalf, and to encourage her toward the completion of an appropriate educational program.

A pregnant student who does not wish to attend regular classes or is physically unable to do so during her pregnancy may, with her consent, be assigned to an alternate instructional program which may include home instruction or a program offered by another school district or institution.

The parent(s) or legal guardian(s) of a pregnant student under eighteen years of age shall be notified of any change in the student's regular educational program.

A student who has received an alternate instructional program for reasons associated with pregnancy shall be readmitted to the regular program upon her request and the written statement of her physician that she is physically fit for attendance.

N.J.A.C. 6A:7-1.7

Adopted:
2417 STUDENT INTERVENTION AND REFERRAL SERVICES

The Board of Education directs the establishment and implementation in each school building in which general education students are served, a coordinated system for planning and delivering intervention and referral services designed to assist students who are experiencing learning, behavior, or health difficulties, and to assist staff who have difficulties in addressing students' learning, behavior, or health needs in accordance with the requirements of N.J.A.C. 6A:16-8.1 and 6A:16-8.2. The Board adopts this appropriate multidisciplinary team approach for planning and delivering the services required under N.J.A.C. 6A:16-8.

Students who are experiencing learning, behavior, or health difficulties shall be referred to the school's Intervention and Referral Services (I&RS) Team. The intervention and referral services shall be provided to aid students in the general education program and may be provided for students who have been determined to need special education programs and services pursuant to N.J.A.C. 6A:16-8.1(a). The intervention and referral services provided for students who have been determined to need special education programs and services shall be coordinated with the student's Individualized Education Program Team, as appropriate.

The functions of the system of intervention and referral services in each school building which general education students are served shall be pursuant to N.J.A.C. 6A:16-8.2(a) and as outlined in Regulation 2417.

Records of all requests for assistance, all intervention and referral services action plans, and all related student information shall be maintained in accordance with Federal and State laws and regulations and New Jersey administrative code pursuant to N.J.A.C. 6A:16-8.2(a).9.

The I&RS Team shall review and assess the effectiveness of the provisions of each intervention and referral services action plan in achieving the outcomes identified in each action plan and modify each action plan to achieve the outcomes, as appropriate.

At a minimum, the I&RS Team shall annually review the intervention and referral services action plans and the actions taken as a result of the building's system of intervention and referral services, and make recommendations to the Principal for improving school programs and services, as appropriate.
At the end of the school year, the Principal shall, in consultation with the I&RS Team, develop a report on the concerns and issues identified by the I&RS Team and the effectiveness of the services provided in achieving the outcomes identified in the intervention and referral services action plans. This report shall be provided to the Superintendent of Schools.

N.J.A.C. 6A:14; 6A:16-8.1; 6A:16-8.2

Adopted:
2418 SECTION 504 OF THE REHABILITATION ACT OF 1973 - STUDENTS

The Board will comply with Section 504 of the Rehabilitation Act of 1973, the purpose of which is to eliminate discrimination on the basis of disability in any program or activity receiving Federal financial assistance.

Guarantee of Rights

The Board will provide a free appropriate public education to each student with a disability regardless of the nature or severity of the disability.

The Board will make reasonable accommodations to ensure that no student with a disability, solely on the basis of the disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity sponsored by this Board, including participation in non-academic and extracurricular services and activities.

The administration will undertake to identify and locate all students with disabilities between the ages of three and twenty-two, who are residing within the district, but not receiving a public school education. The administration will take steps to notify such students and their parents of the district’s duty to provide accommodations for students with disabilities as well as procedures to determine eligibility for such accommodations.

Educational Setting

The Board will ensure that a student with a disability participates with nondisabled students in activities and services to the maximum extent appropriate to the needs of the student with a disability.

The school administration will place a student with a disability in the regular educational environment within the district unless the district demonstrates that the education of the student with a disability in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily.

Evaluation and Placement

The Board will establish standards and procedures for initial evaluations and periodic re-evaluations of students who need or are believed to need accommodations, special education, and/or related services because of a disability. Evaluations may include, but are not limited to, a review of work samples, direct observation, interviews, and/or administration of assessment measures.
Enforcement

The Director of School Management is designated by the Board as the District 504 Coordinator for matters dealing with Section 504 of the Rehabilitation Act of 1973 and can be contacted at the following address or telephone number:

Office Address: 1755 Amwell Road
Somerset, New Jersey 08873

Telephone: 732-873-2400 Extension 408

Procedural Safeguards

The district will establish and implement a system of procedural safeguards with respect to the identification, evaluation, or provision of services under Section 504. This system includes notice, an opportunity for the parent to examine relevant records, an impartial hearing with the opportunity for participation by the parent and representation by counsel, and a review procedure. These procedural safeguards shall be in accordance with N.J.A.C. 6A:14 et seq., Policy 2460, Regulation 2460.8, and/or the grievance procedures outlined in Regulation 2418.

Notice

The Board will notify members of the community that the Board does not discriminate on the basis of a disability in violation of Section 504 of the Rehabilitation Act of 1973. Policy and Regulation 2418 may be reprinted in part or in full and distributed to serve as adequate notice.

State or Local Law

The obligation to comply with the Rehabilitation Act of 1973 is not obviated or alleviated by the existence of any State or local law or other requirement that, on the basis of disability, imposes prohibitions or limits upon the eligibility of a student with a disability to receive services.

29 U.S.C. 794 (Section 504 Rehabilitation Act of 1973)
20 U.S.C. 1401 et seq. (Individuals with Disabilities Education Act)
42 U.S.C. 12101 (Americans with Disabilities Act of 1990, as amended)

Adopted:
2422 HEALTH AND PHYSICAL EDUCATION

The Board of Education requires all students to participate in a comprehensive, sequential, health and physical education program aligned with the New Jersey Student Learning Standards (NJSLS) that emphasizes the natural interdisciplinary connection between wellness and health and physical education. The primary focus of the NJSLS is the development of knowledge and skills that influence healthy behaviors within the context of self, family, school, and the local and global community. The mission of the NJSLS for comprehensive health and physical education is knowledge of health and physical education concepts and skills to empower students to assume lifelong responsibility to develop physical, social, and emotional wellness.

The NJSLS incorporate New Jersey statutes related to health and well-being of students in New Jersey schools. The following statutes incorporated into the NJSLS include, but are not limited to, the following requirements:

1. Accident and Fire Prevention (N.J.S.A. 18A:6-2) requires instruction in accident and fire prevention. Regular courses of instruction in accident prevention and fire prevention shall be given in every public and private school in New Jersey. Instruction shall be adapted to the understanding of students at different grade levels.

2. Breast Self-Examination (N.J.S.A. 18A:35-5.4) requires instruction on breast self-examination. The Board of Education shall operate an educational program for students in grades seven through twelve with instruction in breast self-examination. The instruction shall take place as part of the district’s implementation of the NJSLS in Comprehensive Health and Physical Education and the comprehensive health and physical education curriculum framework shall provide school districts with sample activities that may be used to support implementation of the instructional requirement.

3. Bullying Prevention Programs (N.J.S.A. 18A:37-17) requires the establishment of bullying prevention programs. The school district is encouraged to establish bullying prevention programs and other initiatives involving school staff, students, administrators, volunteers, parents, law enforcement, and community members. To the extent funds are appropriated for these purposes, the school district shall: (1) provide training on the school district’s Harassment, Intimidation, or Bullying Policy to school employees and volunteers who have significant contact with students; and (2) develop a process for discussing the district’s Harassment, Intimidation, or Bullying Policy with students. Information regarding the school district Policy against harassment, intimidation, or bullying shall be incorporated into the school’s employee training program.

5. Dating Violence Education (N.J.S.A. 18A:35-4.23a) requires instruction regarding dating violence in grades seven through twelve. The school district shall incorporate dating violence education that is age-appropriate into the health education curriculum as part of the district’s implementation of the NJSL in Comprehensive Health and Physical Education for students in grades seven through twelve. The dating violence education shall include, but not be limited to, information on the definition of dating violence, recognizing dating violence warning signs, and the characteristics of healthy relationships.

6. Domestic Violence Education (N.J.S.A. 18A:35-4.23) allows instruction on problems related to domestic violence and child abuse. The Board of Education may include instruction on the problems of domestic violence and child abuse in an appropriate place in the curriculum of elementary school, middle school, and high school students. The instruction shall enable students to understand the psychology and dynamics of family violence, dating violence, and child abuse; the relationship of alcohol and drug use to such violence and abuse; the relationship of animal cruelty to such violence and abuse; and to learn methods of nonviolent problem-solving.

7. Gang Violence Prevention (N.J.S.A. 18A:35-4.26) requires instruction in gang violence prevention for elementary school students. A Board of Education that operates an educational program for elementary school students shall offer instruction in gang violence prevention and in ways to avoid membership in gangs. The instruction shall take place as part of the district’s implementation of the NJSL in Comprehensive Health and Physical Education and the comprehensive health and physical education curriculum framework shall provide the school district with sample materials that may be used to support implementation of the instructional requirement.

8. Health, Safety, and Physical Education (N.J.S.A. 18A:35) requires that all students in grades one through twelve participate in at least two and one-half hours of health, safety, and physical education each school week. Every student, except Kindergarten students, attending the public schools, insofar as he or she is
physically fit and capable of doing so, as determined by the medical inspector, shall take such courses, which shall be a part of the curriculum prescribed for the several grades. The conduct and attainment of the students shall be marked as in other courses or subjects, and the standing of the student in connection therewith shall form a part of the requirements for promotion or graduation. The time devoted to such courses shall aggregate at least two and one-half hours each school week, or proportionately less when holidays fall within the week.

9. Drugs, Alcohol, Tobacco, Controlled Dangerous Substances, and Anabolic Steroids (N.J.S.A. 18A:40A-1) requires instructional programs on drugs, alcohol, anabolic steroids, tobacco, and controlled dangerous substances and the development of curriculum guidelines. Instructional programs on the nature of drugs, alcohol, anabolic steroids, tobacco, and controlled dangerous substances, as defined in Section 2 of P.L.1970, c.226 (C.24:21-2), and their physiological, psychological, sociological, and legal effects on the individual, the family, and society shall be taught in the public school and in each grade from Kindergarten through grade twelve in a manner adapted to the age and understanding of the students. The programs shall be based upon the curriculum guidelines established by the Commissioner of Education and shall be included in the curriculum for each grade in such a manner as to provide a thorough and comprehensive treatment of the subject.

10. Lyme Disease Prevention (N.J.S.A. 18A:35-5.1) requires the development of Lyme disease curriculum guidelines. The guidelines shall emphasize disease prevention and sensitivity for victims of the disease. The Commissioner of Education shall periodically review and update the guidelines to insure that the curriculum reflects the most current information available.

11. Organ Donation (N.J.S.A. 18A:7F-4.3) requires information relative to organ donation to be given to students in grades nine through twelve. The goals of the instruction shall be to:

a. Emphasize the benefits of organ and tissue donation to the health and well-being of society generally and to individuals whose lives are saved by organ and tissue donations, so that students will be motivated to make an affirmative decision to register as donors when they become adults.

b. Fully address myths and misunderstandings regarding organ and tissue donation.
c. Explain the options available to adults, including the option of designating a decision-maker to make the donation decision on one’s behalf.

d. Instill an understanding of the consequences when an individual does not make a decision to become an organ donor and does not register or otherwise record a designated decision-maker.

The instruction shall inform students that, beginning five years from the date of enactment of P.L.2008, c.48 (C.26:6-66 et al.), the New Jersey Motor Vehicle Commission will not issue or renew a New Jersey driver’s license or personal identification card unless a prospective or renewing licensee or card holder makes an acknowledgement regarding the donor decision pursuant to Section 8 of P.L.2008, c.48 (C.39:3-12.4). The Commissioner of Education, through the non-public school liaison in the Department of Education, shall make any related instructional materials available to private schools educating students in grades nine through twelve, or any combination thereof. Such schools are encouraged to use the instructional materials at the school; however, nothing in N.J.S.A. 18A:7F-4.3 shall be construed to require such schools to use the materials.

12. Sexual Assault Prevention (N.J.S.A. 18A:35-4.3) requires the development of a sexual assault prevention education program. The Department of Education in consultation with the advisory committee shall develop and establish guidelines for the teaching of sexual assault prevention techniques for utilization by local school districts in the establishment of a sexual assault prevention education program. Such program shall be adapted to the age and understanding of the students and shall be emphasized in appropriate places of the curriculum sufficiently for a full and adequate treatment of the subject.

13. Stress Abstinence (N.J.S.A. 18A:35-4.19 through N.J.S.A. 18A:35-4.22), also known as the “AIDS Prevention Act of 1999,” requires sex education programs to stress abstinence. Any sex education that is given as part of any planned course, curriculum, or other instructional program and that is intended to impart information or promote discussion or understanding in regard to human sexual behavior, sexual feelings and sexual values, human sexuality and reproduction, pregnancy avoidance or termination, HIV infection or sexually transmitted diseases, regardless of whether such instruction is described as, or incorporated into, a description of “sex education,” “family life education,” “family health education,” “health education,” “family living,” “health,” “self esteem,” or any other course, curriculum program, or goal of education, and any materials
including, but not limited, to handouts, speakers, notes, or audiovisuals presented on school property concerning methods for the prevention of acquired immune deficiency syndrome (HIV/AIDS), other sexually transmitted diseases, and of avoiding pregnancy, shall stress that abstinence from sexual activity is the only completely reliable means of eliminating the sexual transmission of HIV/AIDS and other sexually transmitted diseases and of avoiding pregnancy.

14. Suicide Prevention (N.J.S.A. 18A:6-111) requires instruction in suicide prevention in public schools. Instruction in suicide prevention shall be provided as part of any continuing education that public school teaching staff members must complete to maintain their certification; and inclusion of suicide prevention awareness shall be included in the NJSLS in Comprehensive Health and Physical Education.

15. Cardiopulmonary Resuscitation (N.J.S.A. 18A:35-4.28 and 18A:35-4.29) requires instruction in the use of automated external defibrillator for students. Instruction shall be provided in cardiopulmonary resuscitation and the use of an automated external defibrillator to each student in a public school that includes grades nine through twelve prior to graduation as part of the district's implementation of the NJSLS in Comprehensive Health and Physical Education. The instruction provided shall be modeled from an instructional program established by the American Heart Association, American Red Cross, or other nationally recognized association and shall include a hands-on learning component.

16. Other Statutory or Administrative Codes. The Board will incorporate into its health and physical education curriculum any other requirements of the New Jersey Department of Education's NJSLS in Comprehensive Health and Physical Education.

In accordance with the provisions of N.J.S.A. 18A:35-4.7, any student whose parent presents to the Principal a signed statement that any part of the instruction in health, family life, or sex education is in conflict with his/her conscience or sincerely held moral or religious beliefs shall be excused from that portion of the course where such instruction is being given and no penalties as to credit or graduation shall result.

A copy of the NJSLS for Comprehensive Health and Physical Education and all related curriculum/course guides and instructional material shall be available for public inspection in each school.

Adopted:
The Board of Education will provide programs of bilingual education, English as a second language (ESL), and English language services for English language learners (ELLs) as required by law and rules of the State Board of Education. ELLs are those students whose native language is other than English and who have varying degrees of English language proficiency in any one of the domains of speaking, reading, writing, or listening and is synonymous with limited English speaking ability pursuant to N.J.S.A. 18:35-15 to 26.

Identification of ELLs

The Board will conduct a screening process to determine the native language of each ELL at the time of enrollment in the school district. A census shall be maintained of all identified students whose native language is other than English. The English language proficiency of each student whose native language is not English shall be determined by a screening process that includes the administration of a New Jersey Department of Education-approved English language proficiency test, an assessment of the student's level of reading in English, a review of the student's previous academic performance including their performance on standardized tests in English, and a review of the input of teaching staff members responsible for the educational program for ELLs.

Program Implementation

The district shall provide the following programs:

1. An English language services program to improve the English language proficiency of ELLs whenever there are at least one, but fewer than ten ELLs enrolled in the school district. English language services shall be provided in addition to the regular school program;

2. An ESL program that provides at least one period of ESL instruction based on student language proficiency whenever there are ten or more ELLs enrolled in the school district; and

3. A bilingual education program whenever there are twenty or more ELLs in any one-language classification enrolled in the school district pursuant to N.J.S.A. 18A:35-18. Where the age range, grade span, and/or geographical location of eligible students makes a full-time bilingual program impractical, the Board may annually offer an instructional program alternative, provided a waiver for the alternative program has been requested and approval has been granted by the Department of Education. The Board may establish a program in bilingual education for any language classification with fewer than twenty students.
All teachers in these programs shall be appropriately certified in accordance with the requirements as outlined in N.J.A.C. 6A:15-1.9. Every student participating in a bilingual, ESL, or English language services program shall be entitled to continue such participation for a period of three years pursuant to N.J.S.A. 18A:35-19.

Bilingual, English as a Second Language, and English Language Services Program Enrollment, Assessment, Exit, and Re-entry

Students enrolled in a bilingual, ESL, or English language services program shall be assessed annually using a New Jersey Department of Education-approved English language proficiency test to determine their progress in achieving English language proficiency goals and readiness for exiting the program. ELLs enrolled in a bilingual, ESL, or English language services program shall be placed in a monolingual English program when they have demonstrated readiness to function successfully in the English-only program. The process to determine the readiness or inability of the individual student to function successfully in the English-only program shall be initiated by the student’s level of English proficiency as measured by a New Jersey Department of Education-established standard on an English language proficiency test. The readiness of the student shall be further assessed on the basis of multiple indicators that shall include, at a minimum: classroom performance; the student’s reading level in English; the judgment of the teaching staff member or members responsible for the educational program of the student; and performance on achievement tests in English.

In accordance with provisions of N.J.S.A. 18A:35-22.1, a parent may remove a student who is enrolled in a bilingual education program at any time; except that during the first three years of a student’s participation in a bilingual education program, the parent may only remove the student at the end of each school year. If during the first three years of a student’s participation in a bilingual education program, a parent wishes to remove the student prior to the end of each school year, the removal must be approved by the Executive County Superintendent of Schools. The parent may appeal the Executive County Superintendent’s decision to the Commissioner of Education.

Newly exited students who are not progressing in the mainstream English program may be considered for re-entry to bilingual and ESL programs in accordance with the provisions of N.J.A.C. 6A:15-1.10(e)1 through (e)5.

When the review process for exiting a student from a bilingual, ESL, or English language services program has been completed, the student’s parent shall be informed by mail of the placement determination. A parent or teaching staff member who disagrees with the proposed placement may appeal the decision in writing to the Superintendent of Schools or designee, who
POLICY

FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2423/page 3 of 3
Bilingual and ESL Education

will provide a written explanation for the decision within seven working days. The complainant may appeal this decision in writing to the Board within seven calendar days of receiving the Superintendent’s or designee’s written explanation of the decision. The Board will review the appeal and respond in writing to the parent within forty-five calendar days of the Board’s receipt of the parent’s written appeal to the Board. A complainant not satisfied with the Board’s determination of the appeal may appeal to the Commissioner of Education.

Parental Involvement

The parents of ELLs will be notified in accordance with the provisions of N.J.A.C. 6A:15-1.13 that their child has been identified as eligible for enrollment in a bilingual, ESL, or English language services program. Notice shall be in writing and in the language in which the parent(s) possesses a primary speaking ability, and in English. The notice must also include a statement that the parents have the option of declining their child’s enrollment in a bilingual program, and shall be given an opportunity to do so if they choose.

The district will notify the parents of ELLs by mail within thirty days of the child’s identification.

Parents shall receive progress reports of students enrolled in bilingual, ESL, or English language services programs in the same manner and frequency as progress reports are sent to parents of other students enrolled in the district.

The Superintendent or designee will provide for the maximum practical involvement of parent(s) of ELLs in the development and review of program objectives and dissemination of information to and from the district Boards of Education and communities served by the bilingual, ESL, or English language services education programs. A school district that implements a bilingual education program shall establish a parent advisory committee on bilingual education of which the majority membership will be parents of ELLs.

Graduation

ELLs will qualify for graduation from high school in accordance with N.J.A.C. 6A:8-5.1(a) and Policy 5460.

Program Plan

The Superintendent shall prepare and submit a plan for a bilingual, ESL, or English language services program every three years to the Board and the New Jersey Department of Education for approval in accordance with the provisions of N.J.A.C. 6A:15-1.6.

N.J.A.C. 6A:15-1.1 et seq.

Adopted:
2430 EXTRA-CURRICULAR ACTIVITIES

The Board of Education believes that the educational goals and objectives of this district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular classroom curricular program of the school. The purpose of such extracurricular activities shall be:

1. To develop useful new capabilities in students that can lead to extension of career opportunities;

2. To develop student initiative and provide for the exercise of responsibility;

3. To develop leadership capabilities and organizational skills;

4. To aid students in developing and refining their social skills;

5. To enable students to explore a wider range of individual interests than might be available in the regular program.

For purposes of this policy, "extracurricular activities" shall be those activities that are sponsored or approved by the Board but are not offered for credit toward graduation, unless certain extracurricular activities are included in students' approved "option two" programs toward graduation. Extracurricular activities shall generally be conducted outside the regular school day, available to students who voluntarily elect to participate, marked by student participation in the processes of initiation, planning, organizing, and execution and shall ordinarily include band, clubs, dramatic or musical presentations, and intramural and interscholastic sports. The "extracurricular activities" sponsored or approved by the Board shall only be available to students who are enrolled in the Franklin Township Public Schools.

However, high school students who are Franklin Township residents and who are home schooled, attend charter schools, or the Somerset County Vocational and Technical Schools may participate in interscholastic sports as permitted by and in accordance with the rules and procedures of the New Jersey State Interscholastic Athletic Association. Additionally, middle school students who are Franklin Township residents and who are home schooled or attend charter schools may participate in interscholastic sports in accordance with the rules and procedures of the Franklin Township Public Schools Athletic Department for middle school students.
Beginning with the 2017-2018 school year, students who attend charter schools will no longer be permitted to participate in Franklin High School or Franklin Middle School interscholastic sports.

However, the Board of Education "grandfathers" Franklin Township residents who attend a charter school; and who have participated in interscholastic sports at Franklin High School or Franklin Middle School while attending a charter school during the 2016-2017 school year.

This "grandfathered" charter school student group may continue to participate in interscholastic sports in Franklin High School and Franklin Middle School, as permitted by and in accordance with the rules and procedures of the New Jersey State Interscholastic Athletic Association or in accordance with the rules and procedures of the Franklin Township Public Schools Athletic Department for middle school students, until their graduation from high school, provided that they annually seek to participate and meet the criteria to participate in interscholastic sports in the district.

In the event that a member of the "grandfathered" charter school student group fails to seek to participate in interscholastic sports in the district in any year, beginning with the 2017-2018 school year, he or she will be excluded from the group and therefore, no longer be able to participate in interscholastic sports in the district.

The district will not provide transportation between the location where these students are taught and the Franklin Township Public Schools. These students must also comply with all Board of Education and Franklin High School and Franklin Middle School policies, regulations and procedures that govern Interscholastic Sports.

The criteria for inclusion and participation for these students will be found in Policy 2431 Athletic Competition.

The Board shall make school facilities, supplies, and equipment available and assign staff members for the support of a program of extracurricular activities for students in grades Kindergarten through twelve. No student organization shall be permitted to hold meetings or be recognized as a part of the school activity program unless it maintains staff member sponsorship. All student organizations must be recognized by the Board of Education prior to their permission to meet and become an active part of the student activity program. All parent support groups must be approved/recognized by the Board. Fundraising activities by extracurricular groups must be approved by the Board.
Only persons in the employ of a Board of Education shall be permitted to organize district students during school time or during any recess in the school day for purposes of instruction or coaching or for conducting games, events, or contests in physical education or athletics.

Students will be allowed to attend any and all extracurricular activities for their age or grade level providing the student is not failing more than two subjects or has had extracurricular privileges revoked by the school administrator. If privileges have been revoked or the student is failing more than two subjects, a notification will be sent home to the parent stating why the privileges were revoked. Students wishing to participate in interscholastic athletic activities are also subject to the requirements of Policy and Regulation 2431 Athletic Competition.

Students must be picked up at the end of their activity, or they will not be allowed to stay for that activity at its next meeting.

The Board expressly declines to create a limited open forum for activities initiated by students. Accordingly, a group of students who wish to meet on school premises shall apply to the Building Principal for permission to meet and must demonstrate to the Principal the relationship of their meeting to the curriculum. The Principal shall permit only those meetings that relate specifically to the curriculum.

Scheduling School Activities

After school activities, practices, contests, and events shall be scheduled at times that are reasonable and convenient for the majority of the participants. If activities for students would suffer or be jeopardized as a result of anticipated absences for religious observances, the function may be rescheduled as necessary. No student or staff member shall be penalized in any fashion for non-attendance by reason of personal religious beliefs.

Implementation

The Superintendent or designee shall direct development of procedures to ensure equitable implementation of this policy. Particular care shall be taken to ensure that all extracurricular programs and their operation comply with district equity requirements. Participation in academically related coaching or tutoring groups may be exempt from the eligibility requirements at the Superintendent's discretion.

Adopted:
The Board of Education recognizes the value of a program of athletic competition for both boys and girls as an integral part of the total school experience. Game activities and practice sessions provide opportunities to learn the values of competition and good sportsmanship. Programs of athletic competition, both intrascholastic and interscholastic, offer students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that offered by the class or school or school district alone, and an opportunity for career and educational development.

For purpose of this Policy, programs of athletic competition include all activities relating to competitive sports contests, games, events, or sports exhibitions involving individual students or teams of students when such events occur within or between schools within this district or with any schools outside this district. The programs of athletic competition shall include, but are not limited to, high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, and/or intramural athletic programs within a school or among schools in the district and any cheerleading program or activity in the school district.

Eligibility Standards

A student who wishes to participate in a program of athletic competition must submit, on a form provided by the district, the signed consent of his/her parent. The consent of the parent of a student who wishes to participate in a program of athletic competition will include an acknowledgment of the physical hazards that may be encountered in the activity.

Student participation in a program of athletic competition shall be governed by the following eligibility standards:

1. To be eligible for participation in the interscholastic athletic program of a New Jersey State Interscholastic Athletic Association (NJSIAA) member school, all high school students must meet, at a minimum, all the eligibility requirements of the Constitution, Bylaws, and Rules and Regulations of the NJSIAA.
   
   a. Home schooled children are eligible to participate in the high school interscholastic athletic program of this district only if the school district, the parent, and the home schooled child comply with the Guidelines, Constitution, Bylaws, Rules and Regulations of NJSIAA, and the policies and regulations of the Board of Education.
Education. The District will not provide transportation between the location where these students are taught and the Franklin Township Public Schools.

b. Students who attend the Somerset County Vocational & Technical Schools are eligible to participate in the high school interscholastic athletic program of this district. The student must comply with the Guidelines, Constitution, Bylaws, Rules and Regulations of NJSIAA, and the policies and regulations of the Board of Education. The District will not provide transportation between the location where these students are taught and the Franklin Township Public Schools.

2. A student in grades seven through eight is eligible for participation in school district sponsored programs of athletic competition if he/she is in good academic standing. Home schooled children in grades seven through eight are eligible to participate in school district sponsored programs of athletic competition of this district, in accordance with the rules and procedures of the Franklin Township Public Schools Athletic Department for middle school students. The District will not provide transportation between the location where these students are taught and the Franklin Township Public Schools.

3. The Board of Education “grandfathers” Franklin Township residents who attend a charter school; and who have participated in interscholastic sports at Franklin High School or Franklin Middle School while attending a charter school during the 2016-2017 school year.

This “grandfathered” charter school student group may continue to participate in interscholastic sports in Franklin High School and Franklin Middle School, as permitted by and in accordance with the rules and procedures of the New Jersey State Interscholastic Athletic Association or in accordance with the rules and procedures of the Franklin Township Public Schools Athletic Department for middle school students, until their graduation from high school, provided that they annually seek to participate and meet the criteria to participate in interscholastic sports in the district.

In the event that a member of the “grandfathered” charter school student group fails to seek to participate in interscholastic sports in the district in any year, beginning with the 2017-2018 school year, he or she will be excluded from the group and therefore, no longer be able to participate in interscholastic sports in the district.

The District will not provide transportation between the location where these students are taught and the Franklin Township Public Schools. As applicable, these
students must comply with the Guidelines, Constitution, Bylaws, Rules and Regulations of NJSIAA; the rules and procedures of the Franklin Township Public Schools Athletic Department for middle school students and any other applicable policies and regulations of the Board of Education.

4. A student in any grade must maintain a satisfactory record of attendance to be eligible for participation in school district sponsored programs of athletic competition.

A student who is absent with an unexcused absence for a school day may not participate in school district sponsored programs of athletic competition the afternoon or evening of that school day.

A student who is serving an in-school or out-of-school suspension may not participate in school district sponsored programs of athletic competition while serving the suspension.

5. A student in any grade who fails to observe school rules for student conduct may forfeit his/her eligibility for participation in school district sponsored programs of athletic competition.

Notice of the school district’s eligibility requirements shall be available to students.

Required Examinations – Interscholastic or Intramural Team or Squad

Students enrolled in grades six to twelve must receive a medical examination, in accordance with the provisions of N.J.S.A. 18A:40-41.7, prior to participation on a school-sponsored interscholastic or intramural team or squad and any cheerleading program or activity.

The examination shall be conducted within 365 days prior to the first day of official practice in an athletic season with examinations being conducted at the medical home of the student. The “medical home” is defined as a health care provider and that provider’s practice site chosen by the student’s parent for the provision of health care. If a student does not have a medical home, the school district shall provide the examination at the school physician’s office or other comparably equipped facility. The parent may choose either the school physician or their own private physician to provide this medical examination. The medical examination required prior to participation shall be in accordance with the requirements as outlined in N.J.A.C. 6A:16-2.2(h)1 and Regulation 2431.2 and shall be documented using the Preparticipation Physical Evaluation form required by the Department of Education.
Information concerning a student’s HIV/AIDS status shall not be required as part of the medical examination or health history pursuant to N.J.S.A. 26:5C-1 et seq. The health findings of this medical examination shall be maintained as part of the student’s health record.

Emergency Procedures

Athletic coaches shall be trained in first aid to include sports-related concussion and head injuries, the use of a defibrillator, the identification of student athletes who are injured or disabled in the course of any athletic program or activity, and any other first aid procedures or other health related trainings required by law or the Superintendent.

The Superintendent shall prepare and present to the Board for its approval procedures for the emergency treatment of injuries and disabilities that occur in the course of any athletic program or activity. Emergency procedures shall be reviewed not less than once in each school year and shall be disseminated to appropriate staff members.

Interscholastic Standards

The Board shall approve annually a program of interscholastic athletics and shall require that all facilities utilized in that program, whether or not the property of this Board, properly safeguard both players and spectators and are kept free from hazardous conditions.

The Board adopts the Constitution, Bylaws, Rules, and Regulations of the New Jersey State Interscholastic Athletic Association as Board policy and shall review such rules on a regular basis to ascertain they continue to be in conformity with the objectives of this Board.

The Superintendent shall annually prepare, approve, and present to the Board for its consideration a program of interscholastic athletics that includes a complete schedule of athletic events and shall inform the Board of changes in that schedule.

N.J.S.A. 2C:21-11
N.J.A.C. 6A:7-1.7; 6A:16-1.4; 6A:16-2.1 et seq.

Adopted: 

August 24, 2017
Exhibit A-04.b
POLICY

FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2431.3/page 1 of 2
Practice and Pre-Season Heat-Acclimation for
Interscholastic Athletics

2431.3 PRACTICE AND PRE-SEASON HEAT-ACCLIMATION FOR
INTERSCHOLASTIC ATHLETICS

The Board of Education adopts this Policy as a measure to protect the safety, health and welfare of students participating in school-sponsored interscholastic athletic programs. The Board believes practice and pre-season heat-acclimation guidelines for student-athletes will minimize injury and enhance the student-athlete's health, performance, and well-being.

For the purposes of this Policy, “practice time,” means the time a player engages in physical activity. Warm-up, stretching, conditioning, weight training, and “cool-down” periods shall be calculated in practice time.

For the purposes of this Policy “walk-through” means practice time where no protective equipment or strenuous activity is permitted and only balls and field markers (cones) may be used.

The first five days of the Board approved pre-season practice shall consist of no more than three hours of practice time. This three-hour practice time during the first five days may be divided into multiple sessions, but total practice time shall not exceed three hours. Full protective gear required for any athletic program may only be worn by student-athletes on the third day of practice and thereafter. Activities during the first two days of practice will be limited to those activities where full protective gear is not needed or required. Protective headgear may be worn on the first two days. Full equipment shall not be worn for any practice that is held before the NJSIAA official start of practice date.

A student-athlete shall not be permitted to participate in a scrimmage for any sport until he/she has completed six complete days of practice.

An athletic team may not practice for more than six consecutive days and one twenty-four hour rest period must be included within a seven-day period. After the fifth day of practice, the maximum allotted time per day for practice shall not exceed five hours. The five-hour practice time may be divided into multiple sessions but total practice time in any day shall not exceed five hours. A five-hour practice day may not be followed by a practice day greater than three hours. Therefore, practice days may follow a 3-5-3-5 format. A minimum of a three-hour recovery period shall be provided after any session of greater than two hours in length and a three-hour recovery period should be provided before a walk-through.
The Superintendent of Schools may reduce the practice times in this Policy in the event the weather and/or temperature warrants such action. This Policy shall be approved by the school district’s physician prior to Board of Education approval.

New Jersey State Interscholastic Athletic Association Pre-Season Heat-Acclimation Guidelines
2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD INJURIES

A concussion is a traumatic brain injury caused by a direct or indirect blow to the head or body. In order to ensure the safety of students that participate in interscholastic athletics and cheerleading programs, it is imperative that student-athletes, cheerleaders, coaches, and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student-athlete or cheerleader to return to play before recovering from a concussion increases the chance of a more serious brain injury.

Every school district that participates in interscholastic athletics or cheerleading programs is required to adopt a policy concerning the prevention and treatment of sports-related concussions and other head injuries among student-athletes and cheerleaders in accordance with the provisions of N.J.S.A. 18A:40-41.1 et seq. For the purpose of this Policy, “interscholastic athletics” shall be Kindergarten through twelfth grade school-sponsored athletic programs where teams or individuals compete against teams or individuals from other schools or school districts. For the purpose of this Policy, “cheerleading program” shall be Kindergarten through twelfth grade school-sponsored cheerleading programs.

The school district will adopt an Interscholastic Athletic and Cheerleading Head Injury Training Program to be completed by the team or school physician, licensed athletic trainer(s) involved in the interscholastic athletic program, all staff members that coach an interscholastic sport or cheerleading program, designated school nurses, and other appropriate school district personnel as designated by the Superintendent. This Training Program shall be in accordance with guidance provided by the New Jersey Department of Education and the requirements of N.J.S.A. 18A:40-41.2.

The Principal or designee shall distribute the New Jersey Department of Education Concussion and Head Injury Fact Sheet and Parent/Guardian Acknowledgement Form to every student-athlete who participates in interscholastic sports and every cheerleader who participates in a cheerleading program. The Principal or designee shall obtain a signed acknowledgement of the receipt of the Fact Sheet by the student-athlete or cheerleader’s parent and keep on file for future reference.

Prevention of a sports-related concussion and head injuries is an important component of the school district’s program. The school district may require pre-season baseline testing of all student-athletes and cheerleaders before the student begins participation in an interscholastic athletic or cheerleading program.
Any student-athlete or cheerleader who exhibits the signs or symptoms of a sports-related concussion or other head injury during practice or competition shall be immediately removed from play and may not return to play that day. Emergency medical assistance shall be contacted when symptoms get worse, loss of consciousness, direct neck pain associated with the injury, or any other sign the supervising school staff member determines emergency medical attention is needed. If available when the student-athlete or cheerleader is exhibiting signs or symptoms, the student will be evaluated by the school or team physician. The Principal or designee shall contact the student’s parent and inform the parent of the suspected sports-related concussion or other head injury.

Possible signs of a concussion can be observed by any school staff member or the school or team physician. Any possible symptoms of a concussion can be reported by the student-athlete or cheerleader to: coaches; licensed athletic trainer; school or team physician; school nurse; and/or parent. The Principal or designee shall provide the student-athlete or cheerleader with Board of Education approved suggestions for management/medical checklist to provide to their parent and physician or other licensed healthcare professional trained in the evaluation and management of sports-related concussions and other head injuries.

A student-athlete or cheerleader who participates in interscholastic athletics or a cheerleading program and who sustains or is suspected of sustaining a concussion or other head injury shall be required to have a medical examination conducted by their physician or licensed health care provider. The student’s physician or licensed health care provider shall be trained in the evaluation and management of concussion to determine the presence or absence of a sports-related concussion or head injury.

The student’s physician or licensed health care provider must provide to the school district a written medical release/clearance for the student indicating when the student is able to return to the activity. The medical release/clearance must indicate the student-athlete or cheerleader is asymptomatic at rest and either may return to the interscholastic athletic activity or cheerleading program because the injury was not a concussion or other head injury or may begin the district’s graduated return to competition and practice protocol outlined in Regulation 2431.4. A medical release/clearance not in compliance with this Policy will not be accepted. The medical release/clearance must be reviewed and approved by the school or team physician.
The school district shall provide a copy of this Policy and Regulation 2431.4 to all youth sports team organizations that operate on school grounds. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that operates on school grounds, if the youth sports team organization provides the school district proof of an insurance policy in the amount of not less than $50,000 per person, per occurrence insuring the youth sports team organization against liability for any bodily injury suffered by a person and a statement of compliance with the school district's Policy and Regulation 2431.4 - Prevention and Treatment of Sports-Related Concussions and Head Injuries.

For the purposes of this Policy a “youth sports team organization” means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

This Policy and Regulation shall be reviewed and approved by the school physician and shall be reviewed annually, and updated as necessary, to ensure it reflects the most current information available on the prevention, risk, and treatment of sports-related concussion and other head injuries.

Adopted:
2432 SCHOOL SPONSORED PUBLICATIONS

The Board of Education permits and encourages the preparation and distribution of school sponsored publications under staff direction in order that students learn the rights and responsibilities of the press in a free society.

No school sponsored publication may contain materials that:

1. Are grossly prejudicial to an ethnic, national, religious, or racial group or to either gender;
2. Libel any person or persons;
3. Infringe rights of privacy protected by law or regulation;
4. Seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other;
5. Advocate the use or advertise the availability of any substance or material that constitutes a direct and substantial danger to the health of students;
6. Contain obscenity or material otherwise deemed to be harmful to impressionable students;
7. Incite violence, advocate the use of force, or urge the violation of law or school regulations;
8. Advertise goods or services for the benefit of profit-making organizations;
9. Solicit funds for non-school organizations when such solicitations have not been approved by the Board;
10. Promote, favor or oppose any candidate for election to the Board or the adoption of any bond issue, proposal, or question submitted at any school election; or
11. Except as may be required for literary purposes, do not conform to acceptable standards of grammar, clear expression, and responsible research.

Issues on which opposing points of view have been responsibly promoted may be introduced in a school sponsored publication provided that all proponents are given an equal opportunity to present their views.
In order to ascertain that school sponsored publications do not violate the standards established by this policy, the Board requires that each publication be submitted to the Principal for review in advance of its distribution. A publication that contains material in violation of this policy may not be distributed.

Where the Principal cannot show, within two school days, that the publication violates the prohibitions of this policy, the publication must be released for distribution. The Principal's determination, if any, that the publication violates this policy must be supported by references to specific material in the publication. Material cannot be censored merely because it is personally offensive to the reviewer or may tend to embarrass the Board. Students must be offered the opportunity to modify or delete any material that violates this policy.

The Board requires that the distribution of school publications take place only at the places and during the times established by regulation in order that the instructional program is not disrupted.

N.J.S.A. 2C:34-3

Adopted:
2435 NJSIAA RANDOM TESTING FOR INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the use of harmful performance enhancing substances seriously threatens the health, safety, and welfare of student-athletes that participate in interscholastic athletics. This district’s secondary school is a member of the New Jersey State Interscholastic Athletic Association (NJSIAA). It is a violation of NJSIAA’s sportsmanship rule for any student-athlete to possess, ingest, or otherwise use any substance on NJSIAA’s list of banned substances, without written prescription by a fully licensed physician, recognized by the American Medical Association, to treat a specific medical condition. Therefore, NJSIAA, in accordance with Executive Order 72, will test a random selection of student-athletes who have qualified, as individuals or as members of a team, for NJSIAA sanctioned State championship competition.

The list of banned substances, for the purposes of this Policy, shall be prepared and published by NJSIAA. Before participating in interscholastic sports, the student-athlete and their parent or guardian shall consent to random testing in accordance with NJSIAA’s Steroid Testing Policy by completing and submitting to the school district NJSIAA’s Consent To Random Testing Form. NJSIAA’s list of banned substances shall be attached to the consent form and the consent form must be signed each school year. The failure to sign the consent form shall render the student-athlete ineligible to participate in all interscholastic sports until the form is signed. The signed Consent To Random Testing Forms shall be maintained in the Building Principal’s office.

Student-athletes will be selected to be tested on a random basis from all athletes participating in championship competition in accordance with NJSIAA procedures. The test will analyze a urine sample. The methodology for taking and handling samples shall be in accordance with current legal standards and tests shall be administered by a certified laboratory designated by NJSIAA. No test shall be considered a positive result unless the approved laboratory reports a positive result and NJSIAA’s medical review officer confirms there was no medical reason for the positive result. The sample will be split when taken and shall be available in the event of an appeal. A positive test result may be appealed in accordance with NJSIAA’s appeal procedures. Results of all tests shall be considered confidential and shall only be disclosed to the individual, his or her parent(s) or legal guardian(s), and his or her school.
It is NJSIAA’s Policy that any person who tests positive in an NJSIAA administered test, or any person who refuses to provide a testing sample when identified, or any person who reports his or her own violation, shall immediately forfeit his or her eligibility to participate in NJSIAA competition for a period of one year from the date of the test. Any such person shall also forfeit any individual honor earned while in violation. No person who tests positive, refuses to provide a sample, or who reports his or own violation shall resume eligibility until he or she has undergone counseling and produced a negative test result. NJSIAA’s Policy shall not prevent the school district from disciplining a student for violating the district’s substance abuse policies or practices and a violation of a school district’s testing program will not be reported to NJSIAA.

NJSIAA’s Executive Committee shall annually compile and report the results of the Steroid Testing Policy and determine whether the Policy shall be renewed or discontinued.

New Jersey Executive Order 72, signed December 20, 2005

Adopted:
2440  SUMMER SESSION

The Board of Education may conduct a summer session. A summer session must be approved by the Board of Education and the Executive County Superintendent of Schools and may include:

1. Remedial courses for students who wish to retake a course or subject previously taken and for which credits or placement may be awarded upon successful completion;

2. Advanced courses for students who wish to take a course or subject not previously taken in an approved school district program and for which additional credits or advanced placement may be awarded upon successful completion of the course; and

3. Enrichment courses for students who wish to take a course or subject of a vocational interest and for which no credits are to be awarded.

The Superintendent of Schools will develop a summer session program and submit the proposed program to the Board for approval. The proposed program shall include the details of the summer session including, but not limited to, a list of the courses or programs offered, the hours of operation, the school(s) where the summer session(s) will be operating, any tuition fees to be charged in accordance with the provisions of N.J.A.C. 6A:32-10.3, and projected cost of operation.

A student will be enrolled in a remedial course only on the written recommendation of the Principal of the school the student regularly attends. The recommendation shall state the name of the subject(s) which the student may take and the purpose for which each subject is taken. A student previously retained at grade level may be promoted on successful completion of a required remedial course, but no student shall be required to attend the summer session.

In accordance with the provisions of N.J.A.C. 6A:32-10.3, tuition may be charged to nonresident students enrolled in a summer session course and to resident students enrolled in enrichment courses which carry no credit and are determined by the Executive County Superintendent to have no direct relationship to the curriculum. Tuition may be charged to students domiciled within the district for enrollment in remedial or advanced courses in accordance with the provisions of N.J.S.A. 18A:11-15.
The Superintendent shall develop regulations for the summer session that include provisions for appropriate planning, proper staffing, student assignments, student evaluation, student records, award of credit, grade placement, and the utilization of facilities. Such regulations for the operation of the summer session shall be consistent with rules of the State Board of Education and Board policies. The operation of the summer session shall not conflict in any way with the administration of the regular school sessions of this district.

N.J.A.C. 6A:32-10.1; 6A:32-10.2; 6A:32-10.3; 6A:32-10.4; 6A:32-10.5

Adopted:
2460 SPECIAL EDUCATION

The Franklin Township Board of Education assures compliance with Part B of the Individuals with Disabilities Education Act (IDEA) and the New Jersey Administrative Code 6A:14-1.1 et seq. Furthermore, the Board will have programs and procedures in effect to ensure the following:

1. All students with disabilities, who are in need of special education and related services, including students with disabilities attending nonpublic schools, regardless of the severity of their disabilities, are located, identified, and evaluated according to N.J.A.C. 6A:14-3.3.

2. Homeless students are located, identified, and evaluated according to N.J.A.C. 6A:14-3.3, and are provided special education and related services in accordance with the IDEA, including the appointment of a surrogate parent for unaccompanied homeless youths as defined in 42 U.S.C. §§11431 et seq.

3. Students with disabilities are evaluated according to N.J.A.C. 6A:14-2.5 and 3.4.

4. An Individualized Education Program (IEP) is developed, reviewed and as appropriate, revised according to N.J.A.C. 6A:14-3.6 and 3.7.

5. To the maximum extent appropriate, students with disabilities are educated in the least restrictive environment according to N.J.A.C. 6A:14-4.2.

6. Students with disabilities are included in State-wide and district-wide assessment programs with appropriate accommodations, where necessary according to N.J.A.C. 6A:14-4.10. All students with disabilities will participate in State-wide assessments or the applicable alternative assessment in grades three, four, five, six, seven, eight, and high school in the applicable courses.

7. Students with disabilities are afforded procedural safeguards required by N.J.A.C. 6A:14-2.1 et seq., including appointment of a surrogate parent as set forth in N.J.A.C. 6A:14-2.2 and Policy 2467, when appropriate.

8. The rules set forth in N.J.A.C. 6A:14 ensure a free appropriate public education is available to all students with disabilities between the ages of three and twenty-one, including students with disabilities who have been suspended or expelled from school:
a. The obligation to make a free, appropriate public education available to each eligible student begins no later than the student's third birthday and that an individualized education program (IEP) is in effect for the student by that date;

b. If a child's third birthday occurs during the summer, the child's IEP Team shall determine the date when services under the IEP will begin;

c. A free appropriate public education is available to any student with a disability who needs special education and related services, even though the student is advancing from grade to grade;

d. The services and placement needed by each student with a disability to receive a free, appropriate public education are based on the student's unique needs and not on the student's disability; and

e. The services and placement needed by each student with a disability to receive a free, appropriate public education are provided in appropriate educational settings as close to the student's home as possible and, when the IEP does not describe specific restrictions, the student is educated in the school he or she would attend if not a student with a disability.

9. Children with disabilities participating in early intervention programs assisted under IDEA Part C who will participate in preschool programs under N.J.A.C. 6A:14 will experience a smooth transition and have an IEP developed and implemented according to N.J.A.C. 6A:14-3.3(e) and N.J.A.C. 6A:14-3.7.

10. Full educational opportunity to all students with disabilities is provided.

11. The compilation, maintenance, access to, and confidentiality of student records are in accordance with N.J.A.C. 6A:32-7.

12. Provision is made for the participation of students with disabilities who are placed by their parent(s) in nonpublic schools according to N.J.A.C. 6A:14-6.1 and 6.2.

13. Students with disabilities who are placed in private schools by the district Board are provided special education and related services at no cost to their parent(s) according to N.J.A.C. 6A:14-1.1 and N.J.A.C. 6A:14-7.5(b)3.
14. All personnel serving students with disabilities are highly qualified and appropriately certified and licensed, where a license is required, in accordance with State and Federal law, pursuant to N.J.A.C. 6A:14-1.2(b)13.

15. Pursuant to N.J.A.C. 6A:14-1.2(b)4, the in-service training needs for professional and paraprofessional staff who provide special education, general education or related services are identified and that appropriate in-service training is provided. The district Board shall maintain information to demonstrate its efforts to:

   a. Prepare general and special education personnel with content knowledge and collaborative skills needed to meet the needs of children with disabilities;

   b. Enhance the ability of teachers and others to use strategies, such as behavioral interventions, to address the conduct of students with disabilities that impedes the learning of students with disabilities and others;

   c. Acquire and disseminate to teachers, administrators, school Board members, and related services personnel, significant knowledge derived from educational research and other sources and how the district will, if appropriate, adopt promising practices, materials and technology;

   d. Ensure that the in-service training is integrated to the maximum extent possible with other professional development activities; and

   e. Provide for joint training activities of parent(s) and special education, related services and general education personnel.

16. Instructional materials will be provided to blind or print-disabled students in a timely manner, consistent with a plan developed by the district.

17. For students with disabilities who are potentially eligible to receive services from the Division of Developmental Disabilities in the Department of Human Services, the district will provide, pursuant to the Developmentally Disabled Uniform Application Act, N.J.S.A. 30:4-25.10 et seq., and N.J.A.C. 6A:14-1.2(b)17, the necessary materials to the parent to apply for such services.
18. The school district will not accept the use of electronic mail from the parent(s) to submit requests to a school official regarding referral, identification, evaluation, classification, and the provision of a free, appropriate public education.

19. The school district will provide teacher aides and the appropriate general or special education teaching staff time for consultation on a regular basis as specified in each student’s IEP, pursuant to N.J.A.C. 6A:14-4.5(d).

20. The school district has a plan in effect to establish stability in special education programming. The plan takes into account the consistency of the location, curriculum, and staffing in the provision of special education services as required by N.J.A.C. 6A:14-3.7(c)4.

21. The school district screens students who have exhibited one or more potential indicators of dyslexia or other reading disabilities in accordance with N.J.S.A. 18A:40-5.1 et seq. and Policy 5339.

The school district shall provide an Assurance Statement to the County Office of Education that the Board of Education has adopted the required special education policies and procedures/regulations and the district is complying with the mandated policies and procedures/regulations.

N.J.A.C. 6A:14 et seq.

Gifted and Talented Students
M

2464 GIFTED AND TALENTED STUDENTS

The Board of Education recognizes its responsibility to identify gifted and talented students within the school district and to provide these students with appropriate instructional adaptations and services. To that end, the Board directs each such student in the school district be identified and offered an appropriate educational program and services.

For purposes of this Policy, “gifted and talented students” means students who possess or demonstrate high levels of ability in one or more content areas when compared to their chronological peers in the district and who require modification of their educational program if they are to achieve in accordance with their capabilities.

The Superintendent will develop appropriate curricular and instructional modifications used for gifted and talented students indicating content, process, products, and learning environments.

The Superintendent will develop procedures for an ongoing Kindergarten through grade twelve identification process for gifted and talented students that includes multiple measures. Multiple measures may include, but are not limited to: achievement test scores; grades; student performance or products; intelligence testing; parent, student, and/or teacher recommendation; and other appropriate measures. The identification methodology will be developmentally appropriate, non-discriminatory, and related to the programs and services offered by the district. The identification procedures will be reviewed annually.

The Superintendent will take into consideration the Pre-Kindergarten through Grade Twelve Gifted Programming Standards of the National Association for Gifted Children in developing programs for gifted and talented students. The educational program offered to gifted and talented students will encourage and challenge them in the specific areas of their abilities, but will not replace the basic instructional program of the various grades of this district. The program offered to gifted and talented students may include, but are not limited to: pull-out programs; classroom differentiated instruction; acceleration; flexible pacing; compacted curricula; distance learning; advanced classes; or individual programs infused into the student’s regular instructional program, provided that a written description of the infusion has been prepared and filed in the student’s record.

Programs for gifted and talented students will be periodically evaluated for their continuing efficacy and adjusted accordingly.
The parent of any student identified as gifted or talented shall be consulted regarding any program designed to address the student's particular needs.

 Adopted:
2466 NEEDLESS PUBLIC LABELING OF STUDENTS WITH DISABILITIES

The Board of Education guarantees the privacy provided by law that no student with a disability be labeled publicly. Therefore, any reference to a student with a disability brought to the attention of the Board and/or any other potential public reference to a student with a disability will be through the use of a district-developed method of coding that would ensure a student’s name or other labeling would not identify the student as a student with a disability. Examples where public labeling of students with disabilities shall be avoided include, but are not limited to, Board meeting agenda information, public address announcements, building/classroom signs, public school documents, and/or any other school publication identifying a student with a disability or class/program of students with disabilities.

Special education classes shall be referred to publicly by the name of the teacher. This applies to schedules, class lists, transportation lists, public address announcements, and any other form of communication that has any potential for any exposure other than for the use by appropriately authorized school staff.

Exceptions to the prohibition of public labeling of students with disabilities may be made upon consent of the student’s parent(s) or legal guardian(s).

All student records shall be maintained strictly in accordance with N.J.A.C. 6A:32-7.1 et seq.

Surrogate Parents and Foster Parents

M

2467 SURROGATE PARENTS AND FOSTER PARENTS

Federal and State laws require the Board to ensure the rights of a student are protected through the provision of an individual to act as surrogate for the parent and assume all parental rights under N.J.A.C. 6A:14-2.2 when:

1. The parent, as defined according to N.J.A.C. 6A:14-1.3, cannot be identified;
2. The parent cannot be located after reasonable efforts;
3. An agency of the State of New Jersey has guardianship of the student and that agency has not taken steps to appoint a surrogate parent for the student;
4. The student is a ward of the State and no State agency has taken steps to appoint a surrogate parent for the student;
5. No parent can be identified for the student in accordance with N.J.A.C. 6A:14-1.3 except a foster parent, the foster parent does not agree to serve as the student’s parent, and no State agency has taken steps to appoint a surrogate parent for the student; and
6. The student is an unaccompanied homeless youth and no State agency has taken steps to appoint a surrogate parent for the student.

Qualifications and Selection

The district will make reasonable efforts to appoint a surrogate parent within thirty days of its determination that a surrogate parent is required for a student. If the district fails to appoint a surrogate parent for a ward of the State, a judge may appoint a surrogate parent if the judge determines a surrogate parent is necessary for such student.

The person serving as a surrogate parent shall:

1. Have no interest that conflicts with those of the student he/she represents;
2. Possess knowledge and skills that ensure adequate representation of the student;
3. Not be replaced without cause;

August 24, 2017
Exhibit A-04.b
4. Be at least eighteen years of age;

5. Have a criminal history review in accordance with N.J.S.A. 18A:6-7.1 completed prior to his or her serving as the surrogate parent, if the school district compensates the surrogate parent for such services; and

6. Not be an employee of the New Jersey Department of Education, this district, or a public or nonpublic agency that is involved in the education or care of the child.

The Director of School Management shall serve as Surrogate Parent Coordinator and will: determine whether there is a need for a surrogate parent for a student; contact any State agency that is involved with the student to determine whether the State has a surrogate parent appointed for the student; and make reasonable efforts to appoint a surrogate parent for the student within thirty days of determining that there is a need for a surrogate parent for the student.

When a student (who is or may be a student with a disability) is in the care of a foster parent, and the foster parent is not the parent of the student as defined in N.J.A.C. 6A:14-1.3, the district where the foster parent resides shall contact the student's case manager at the Division of Child Protection and Permanency (DCP&P) in the Department of Children and Families to determine whether the parent retains the right to make educational decisions and determine the whereabouts of the parent.

If the parent retains the right to make educational decisions and the parent's whereabouts are known to the school district, the Surrogate Parent Coordinator shall obtain all required consent from and provide written notices to the parent.

If the district cannot ascertain the whereabouts of the parent, the foster parent, unless that person is unwilling to do so, shall serve as the parent pursuant to N.J.A.C. 6A:14-1.3. If there is no foster parent, or if the foster parent is unwilling to serve as the student's parent, the Surrogate Parent Coordinator shall consult with the student's case manager at DCP&P to identify an individual to serve as a surrogate parent and obtain all required consent from, and provide written notices to, the surrogate parent.

Training

N.J.A.C 6A:14-2.2(d) requires the district train surrogate parents so they have the knowledge and skills that ensure adequate representation of the student. The Surrogate Parent Coordinator shall coordinate the training for surrogate parents. The training will include, but not be limited to:
1. Providing the surrogate parent a copy of:
   a. Parental Rights in Special Education booklet;
   b. N.J.A.C. 6A:14;
   c. The Special Education Process;
   d. Code Training Materials from the Department of Education website; and
   e. Other relevant materials.

2. Providing the surrogate parent an opportunity to meet with the Surrogate Parent Coordinator to discuss the rights of the surrogate parent and the applicable statutes, administrative codes, and Federal laws. The Surrogate Parent Coordinator shall provide the surrogate parent the opportunity to review and to become familiar with the State and Federal requirements for assessment, individualized educational program development, and parental rights with respect to the referral and placement process, including their rights with respect to seeking a due process hearing if they disagree with the local procedure or decisions;

3. Providing the surrogate parent adequate time to become familiar with the student and the nature of the student’s disability through a review of the student’s record;

4. Providing the surrogate parent an opportunity to confer with the student’s case manager to discuss the student; and

5. Other information and resources to provide the surrogate parent the knowledge and skills to ensure adequate representation of the student.

Rights of the Surrogate Parent

A surrogate parent appointed in accordance with N.J.A.C. 6A:14-2.2 shall assume all parental rights under N.J.A.C. 6A:14.

N.J.A.C. 6A:14-2.2

Adopted:
2468 INDEPENDENT EDUCATIONAL EVALUATIONS

Special education law permits a parent to request an independent educational evaluation (IEE) for their child if there is disagreement with any evaluation provided by the Board of Education. An “independent educational evaluation” is an evaluation conducted by a qualified examiner who is not an employee of the public school district responsible for the education of the child in question. Such IEEs shall be provided at no cost to the parent unless the school district initiates a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate and a final determination to that effect is made following the hearing. If it is determined the school district’s evaluation is appropriate, the parent still has the right to an IEE, but not at the school district’s expense.

Upon receipt of a parental request for an IEE, the school district shall provide the parent with information about where an IEE may be obtained and the criteria for IEEs according to N.J.A.C. 6A:14-2.5(c)3 and (c)4 and the additional criteria outlined below in this Policy:

1. Any IEE paid for with public funds shall:
   a. Be conducted according to the provisions of N.J.A.C. 6A:14-3.4; and
   b. Be obtained from another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required.

2. An independent medical evaluation may be obtained according to N.J.A.C. 6A:14-5.1(e).

Additional criteria for an IEE shall be as follows:

1. The Board will not pay for an IEE unless it complies with the following criteria unless the parent can show that unique circumstances warrant deviation from same:
   a. The independent evaluator must be appropriately certified and/or licensed in the State of New Jersey. In instances where no applicable certification/license exists, the evaluator must provide the Board with documentation of extensive and recent training and experience related to the assessment of the known or suspected disability;
b. The independent evaluator may only charge fees for educational evaluation services that, in the judgment of the Board, are reasonable in accordance with 2. below;

c. The independent evaluator must be free from any conflict of interest;

d. The independent evaluator and members of the Child Study Team must be permitted to directly communicate and share information with each other. The independent evaluator must also agree to release the assessment information, results, and report(s) to the school district prior to receipt of payment for services;

e. For any independent evaluation, whether paid for with public or private funds, the school district shall permit the evaluator to observe the student in the classroom or other educational setting, as applicable; and

f. The independent evaluator shall make at least one contact with the student’s case manager for the purpose of determining how the student is progressing in his/her current programming.

2. The maximum allowable cost for an independent evaluation will be limited to the reasonable and customary rate, as determined and approved by the Board annually. This rate shall be in the range of what it would cost the Board to provide the same type of assessment through either another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required. This Board-approved rate shall be provided to the parent upon their request for an IEE. The Board shall not be responsible for any costs beyond the IEE, such as transportation, lodging, food, etc.

a. The parent may provide documentation to the Board demonstrating unique circumstances to justify an IEE that exceeds the maximum allowable cost established by the Board. If, in the Board’s judgment, there is no justification for the excess cost, the Board may agree to fund the IEE up to the school district’s maximum allowable cost with the parent responsible for any remaining costs. In the alternative, the Board may request a due process hearing to enforce its established maximum allowable cost.
Upon receipt of a parental request for an IEE, the school district shall take steps to ensure the IEE is provided without undue delay or not later than twenty calendar days after receipt of the parental request, the school district shall request a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate.

If a parent requests an IEE, the school district may ask the parent to explain why he or she objects to the school district’s evaluation. However, the school district shall not require such an explanation and shall not delay either providing the IEE or initiating a due process hearing to defend the school district's evaluation.

Any IEE submitted to the district, including an IEE obtained by the parent at private expense, shall be considered in making decisions regarding special education and related services.

If an Administrative Law Judge orders that an IEE be conducted, the IEE shall be obtained by the district in accordance with the decision or Order of the Administrative Law Judge, and the Board of Education shall pay the cost of the IEE in accordance with the provisions of this Policy.

A parent is entitled to only one IEE paid for by the Board each time the school district conducts an evaluation with which the parent disagrees.

CFR Section 300.502

Adopted:
2480 ALTERNATIVE EDUCATION PROGRAMS

The Board of Education may operate an alternative education program in accordance with the requirements of N.J.A.C. 6A:16-9.1. The program shall be approved by the Commissioner of Education and shall be separate and distinct from the already existing programs operated by the Board.

An alternative education program will fulfill the program criteria for both a high school and middle school program as outlined in N.J.A.C. 6A:16-9.2. A program will have a maximum student-teacher ratio of 12:1 for high school programs and 10:1 for middle school programs. An Individualized Program Plan (IPP) shall be developed for each general education student enrolled in the program in accordance with N.J.A.C. 6A:16-9.2(a)3. For a student with a disability, the alternative education program shall be consistent with the student's Individualized Education Program (IEP), pursuant to N.J.A.C. 6A:14, Special Education.

Individualized instruction to all students shall address the New Jersey Student Learning Standards. Academic instruction sufficient to fulfill graduation requirements, pursuant to N.J.A.C. 6A:8-5.1, shall be provided to high school students. Comprehensive support services and programs shall address each student's health, social, and emotional development and behavior. Instructional staff in an alternative education program shall be appropriately certified.

Students in the alternative education program shall comply with attendance policies, pursuant to N.J.A.C. 6A:16-7.8 and 6A:32-8.3. Case management services including, but not limited to, monitoring and evaluating student progress and coordinating instructional and support services shall be provided as required in N.J.A.C. 6A:16-9.2(a)10. Services to facilitate the transition of students returning to the general or special education program from the alternative education program shall be provided. A minimum student enrollment period of not less than two complete marking periods shall be required pursuant to N.J.A.C. 6A:16-9.2(a)12.

Student placement in an alternative education program shall be made pursuant to N.J.A.C. 16A:9.3(a). If the district places a student in an alternative education program operated by another district Board of Education, pursuant to N.J.A.C. 6A:16-9.1(a), or another approved agency, pursuant to N.J.A.C. 6A:16-9.1(b), the sending school district shall be responsible for ensuring compliance with the requirements of N.J.A.C. 6A:16-9.

Decisions regarding continued placement in an alternative education program or a change to a student's placement shall be made for general education students in accordance with N.J.A.C. 6A:16-9.3(c)1 and for students with disabilities in accordance with N.J.A.C. 6A:16-9.3(c)2.

Adopted:
2481 HOME OR OUT-OF-SCHOOL INSTRUCTION FOR A GENERAL EDUCATION STUDENT FOR REASONS OTHER THAN A TEMPORARY OR CHRONIC HEALTH CONDITION

The Board of Education shall provide instructional services to an enrolled general education student at the student's home or other suitable out-of-school setting under the following conditions:

A. The student is mandated by State law and rule for placement in an alternative education program, but placement is not immediately available;

B. The student is placed on short-term or long-term suspension from participation in the general education program; or

C. A court order requires the student receive instructional services in the home or other out-of-school setting.

The school district in which a student resides shall be responsible for the costs of providing instruction in the home or out-of-school setting either directly, or through online services, including any needed equipment, or through contract with another Board of Education, Educational Services Commission, Jointure Commission, or approved clinic or agency. The district shall provide services no later than five school days after the student has left the general education program.

The services to be provided shall meet the minimum standards as required in N.J.A.C. 6A:16-10.2(d).

The teacher(s) providing instruction shall be a certified teacher. The teacher shall provide one-on-one instruction for no fewer than ten hours per week on three separate days of the week and no fewer than ten hours per week of additional guided-learning experiences that may include the use of technology to provide audio and visual connections to the student's classroom.

The instruction shall meet the New Jersey Student Learning Standards and the Board of Education's requirements for promotion and graduation.
If instruction is delivered in the student's home, a parent or other adult twenty-one years of age or older who has been designated by the parent shall be present during all periods of home instruction.

N.J.A.C. 6A:16-10.2

Adopted:
2510 ADOPTION OF TEXTBOOKS

The Board of Education shall approve all textbooks used in the educational program of this district. "Textbook" means the principal source of instructional material for any given course of study, in whatever form the material may be presented, which is available or distributed to every student enrolled in the course of study.

The Board shall consider for approval only those textbooks that have been selected and recommended by the Superintendent.

In considering the approval of any proposed textbooks, the Board will weigh its value as a learning tool; its suitability for the maturity level and educational accomplishment of the students who will be using the book; its freedom from bias; its relationship to a course of study adopted by the Board; its relationship to a continuous multigrade program; its impact on community standards of taste; the manner by which it was selected; and its cost, appearance, and durability.

The Superintendent shall develop regulations for the selection of textbooks that include effective consultation with professional staff members at all appropriate levels.

Textbooks currently in use shall be periodically evaluated for their continuing usefulness and relevance and shall be replaced or updated with new editions as often as necessary to meet the needs of students and the curriculum.

Upon approval textbooks will be incorporated into the appropriate curriculum guide which is maintained online and made available for the use of the professional staff and for the information of members of the Board and the public.

Adopted:
2520 INSTRUCTIONAL SUPPLIES

The Board of Education shall supply each teaching staff member with the supplies, materials, and equipment necessary for the implementation of the approved program and each student with the supplies and materials required for the successful completion of courses of study.

The Board expressly exempts from this policy such clothing or personal equipment as may be required by the Board for reasons related to the safety and health of students or the protection of school property and are individualized or non-reusable, and any materials used in the manufacture or preparation of useful or decorative items that students are permitted to retain, except that no student will be denied participation in any course of study or school sponsored activity because of his or her financial inability to bear the cost of such clothing, equipment, or materials.

The Superintendent shall develop regulations for the selection and utilization of instructional supplies that include effective consultation with teaching staff members at all appropriate levels.

N.J.S.A. 18A:34-1

Adopted:
2530 RESOURCE MATERIALS

The Board of Education shall provide resource materials to implement district and school educational goals and objectives as student needs dictate and district resources permit. Such materials include reference books, other supplementary titles, maps, library print and non-print materials, and other sources of information for use by students that are not designated as textbooks.

The Superintendent shall be responsible for the selection and maintenance of all resource materials, in accordance with the following standards:

1. Material will be suited to the varied interests, abilities, reading levels, and maturation levels of the students to be served;

2. Wherever possible, materials will provide major opposing views on controversial issues so that students may develop under guidance the practice of critical reading and thinking;

3. Wherever possible, materials will represent the many religious, ethnic, and cultural groups and their contribution to American heritage;

4. Materials will be factually accurate and of genuine literary or artistic value;

5. Materials will be of a quality and durability appropriate to their intended uses and longevity;

6. Materials will relate to, support, and enrich the courses of study adopted by the Board.

The Superintendent will develop regulations for the selection of resource materials that provide for the effective consultation of teaching staff members at all appropriate levels; ensure that the Board's budgetary allotment for resource materials is efficiently spent and wisely distributed throughout the instructional program and the district; and ensure an inventory of resource materials that is well balanced and well rounded in coverage of subject, types of materials, and variety of content.

The Superintendent will evaluate the continuing effectiveness and utility of resource materials and recommend to the Board the removal of those materials that no longer meet the standards set forth in this policy. Any request for the removal of resource materials will be governed by Policy No. 9130 on public complaints.

Adopted:
2531 USE OF COPYRIGHTED MATERIALS

The Board of Education encourages teaching staff members to make judicious use of appropriate printed materials, sound recording, televised programs, and computer software in the curriculum but recognizes that Federal law, applicable to public school districts, protects the originators of those materials from the unauthorized use of their copyrighted works. The Board expressly forbids the use of school equipment for the illegal reproduction of copyrighted materials.

In order to define the fair and reasonable use that teaching staff members may make of copyrighted works for educational purposes without the permission of the copyright owner and to reduce the risk of copyright infringement, the Board directs the Superintendent to promulgate regulations regarding the copying and distribution of copyrighted materials for instructional purposes.

Computer software may be reproduced only for archival purposes or when copying is an essential step in the utilization of the program. Computer software should be purchased in sufficient quantity to permit its classroom use without simultaneous loading. Where appropriate, the Superintendent shall seek a licensing agreement with the software publisher that permits the reproduction of software, the simultaneous use of software, and the purchase of multiple copies of software at discount prices.

Students and staff members shall be instructed that copyright infringement is a form of theft. A student or staff member who reproduces or uses copyrighted material in violation of this policy will be subject to discipline.

17 U.S.C. 101 et seq.

Adopted:
2551 MUSICAL INSTRUMENTS

The Board of Education will purchase and maintain a supply of musical instruments for students enrolled in the instrumental music program.

In general, students are encouraged to rent their own musical instruments. District-owned instruments will be available to those students for whom the purchase of a musical instrument would impose a difficult financial burden.

District-owned instruments are available for only the first year of study, a student who continues instruction on the same instrument longer than one year is expected to rent an instrument.

District-owned instruments will be available to students, in the order in which requests are made, until the supply is exhausted. If necessary, instruments will be redistributed among schools to satisfy the demand.

Instruments will be loaned only to those students whose parent(s) or legal guardian(s) has agreed in writing to assure the safe return of the instrument and to bear the cost of necessary repairs.

A reasonable fee will be charged for the loan of district-owned musical instruments.

Adopted:
POLICY
FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2560/page 1 of 1
Live Animals in School

2560 LIVE ANIMALS IN SCHOOL

The Board of Education recognizes the appropriate use of live animals as instructional resources can enrich the educational program. The observation and nurture of live animals can help children learn specific biological and behavioral principles and gain respect for all living things.

A staff member who uses live animals shall observe proper precautions for the safety of students and the animals. The Principal or designee must approve a live animal being brought into the school building and the use of any animal in a course of instruction or the establishment of an animal habitat in a classroom.

Any animal used in school must have been lawfully acquired in accordance with applicable State law and local ordinance. An animal susceptible to rabies must have been vaccinated against rabies and proof of such vaccination must be included with the request to bring a live animal into the school submitted to the Principal or designee before a live animal is brought onto school grounds or into a school building. No animal shall be permitted in any area of the school where a student who is allergic to the animal might be exposed to the animal.

A teacher or other qualified adult must assume primary responsibility for the animal, its nourishment, and its sanitary living conditions. The staff member in charge must make proper arrangements for the animal's care and feeding over weekends, holidays, and school vacation periods.

No experiment that deprives a living animal of nourishment or exposes the animal to harm shall be conducted.

A student in Kindergarten through grade twelve may refuse to dissect, vivisect, incubate, capture, or otherwise harm or destroy animals or any parts thereof as part of a course of instruction. In the event the school program will require any such activities, the school will notify the student and parent(s) or legal guardian(s) at the beginning of each school year of the right to decline participation in such activities. Within two weeks of the receipt of the notice from the school, the parent(s) or legal guardian(s) shall notify the school if the right to decline participation in such activities will be exercised. Any student who chooses to refrain from participation in or observation of such activities shall be offered an alternative education project for the purpose of providing the student with the factual knowledge, information, or experience required by the course of study. A student may refuse to participate in an alternative education project which involves or necessitates any harmful use of an animal or animal part(s). A student shall not be discriminated against, in grading or in any other manner, based upon a decision to exercise the rights afforded pursuant to this act.

Adopted:
2610 EDUCATIONAL PROGRAM EVALUATION

The Board of Education directs the Superintendent to develop and implement a systematic plan for the continuous evaluation of the educational program against the educational goals established by this Board. To this end, the Superintendent shall employ such tests and methods as may be indicated by sound professional judgment. Wherever possible, the assessment program shall follow evaluation procedures set forth in the course guides.

The Superintendent shall maintain a calendar of assessment activities and shall make periodic evaluation reports to the Board during the school year. Findings of the assessment program may be used to evaluate the progress of students and the effectiveness of staff members. The Board will annually make available to the public the collective progress of students toward the goals of the district.

The Board will annually, prior to the end of the school year and in conjunction with appropriate members of the administrative staff, conduct a review of the educational progress of the district, assess district and student needs, and establish long range and short range objectives for the educational program. The Board's annual report will be submitted to the Commissioner of Education as required.

The Superintendent shall annually recommend improvements in the educational program based on the Board's evaluation of the district's program. The Board reserves the right to employ experts from outside the school district to serve in the evaluation process.

N.J.A.C. 6A:8-4.1 et seq.
N.J.A.C. 6A:19-2.6 [vocational districts]

Adopted:
2622 STUDENT ASSESSMENT

The Commissioner of Education, in accordance with N.J.S.A. 18A:7C-1 et seq. and 18A:7E-2 and 3, may implement assessments of student achievement in any grade(s) and by such assessments as he or she deems appropriate. The Commissioner shall report to the State Board of Education the results of such assessments.

The Commissioner shall implement a system and related schedule of Statewide assessments to evaluate student achievement of the New Jersey Student Learning Standards (NJSLS). The Commissioner, with the approval of the State Board of Education, shall define the scope and level of student performance on Statewide assessments that demonstrate thorough understanding of the knowledge and skills delineated by the NJSLS at grade levels three through twelve. After consultation with the Commissioner, the State Board of Education shall establish by resolution uniform Statewide criteria defining adequate school district progress toward meeting the NJSLS.

State assessments provide parents with important information about their child’s progress; detailed diagnostic information about each individual student’s performance that educators, parents, and students can utilize to enhance foundational knowledge and student achievement; and include item analysis which will clarify a student’s level of knowledge and understanding of a particular subject or area of a subject. The data derived from State assessments will be utilized by teachers and administrators to pinpoint areas of difficulty and customize instruction accordingly. Such data can be accessed and utilized as a student progresses to successive school levels.

Pursuant to N.J.A.C. 6A:8-4.1(b) and (c), all students at grade levels three through twelve, and at any other grade(s) designated by the Commissioner pursuant to N.J.A.C. 6A:8-4.1(a), shall take all appropriate Statewide assessments as scheduled. There is no provision for a student to opt-out of Statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on another school day. Parents and students will be informed of all scheduled testing dates, including make-up testing dates for students who missed the initial testing date.

Statewide Assessment System

The Superintendent of Schools shall develop and annually present to the Board for its approval an assessment program that complies with the rules of the State Board of Education.
The Board of Education shall, according to a schedule prescribed by the Commissioner, administer the applicable Statewide assessments, including the following major components: the elementary assessment component for grades three through five; the middle school assessment component for grades six through eight; the high school end-of-course PARCC assessments; and the alternative assessment for students with disabilities; and provide notification to each student entering grades three through twelve of the Statewide assessment schedule.

The Department of Education shall implement the elementary component of the Statewide assessment of the NJSLS consisting of continued administration of mathematics and English language arts in grades three, four, and five, and of science in grade four.

The Department of Education shall implement the middle school component of the Statewide assessment of the NJSLS consisting of the following: continued administration of mathematics and English language arts in grades six, seven, and eight; and of science in grade eight.

The Department of Education shall implement a high school assessment program component of the NJSLS that assesses, at a minimum, English language arts, mathematics, and science with the exception that students may receive a waiver from the Board of Education from taking the high school end-of-course PARCC assessment in ELA 11 due to the student's participation in another English language/literature college placement assessment during the same school year.

The Board shall provide appropriate accommodations or modifications to the Statewide assessment system as specified by the Department of Education for English Language Learners (ELLs) and students with disabilities as defined in N.J.A.C. 6A:14-1.3 or eligible under Section 504 of the Rehabilitation Act as determined by the IEP or 504 Team in accordance with N.J.A.C. 6A:8-4.1(d)(1). The Board may administer the Statewide assessments in mathematics to ELLs in their native language, when available, and/or English. The Board of Education shall have the option for a first-year ELL of substituting a Department of Education-approved language proficiency test only for the English language arts section of the elementary or middle school component of the Statewide assessment, when the student has entered the United States after July 1 of the calendar year prior to the test administration.

The Board of Education shall ensure students with disabilities as defined in N.J.A.C. 6A:14-1.3 participate in Statewide assessments in accordance with N.J.A.C. 6A:14-4.10.

At specific times prescribed by the Commissioner of Education, the Board of Education shall administer the alternative assessment for students with disabilities to students with severe disabilities who cannot participate in other assessments due to the severity of their disabilities. The Department of Education shall implement the alternative assessment for students with
disabilities according to the schedules in N.J.A.C. 6A:8-4.1(c)1, 2, and 3. The alternative assessment for students with disabilities measures the progress of students who have been determined eligible for the alternative assessment for students with disabilities by the IEP team in accordance with N.J.A.C. 6A:14-4.10.

The Boards of Education shall implement alternative ways for students to demonstrate graduation proficiency in accordance with N.J.A.C. 6A:8-5.1(f).

Test Administration Procedures and Security Measures

The Board of Education shall be responsible for ensuring the security of all components of the Statewide assessment system that are administered within the school district. All Statewide assessments shall be administered in accordance with the Department of Education's required test administration procedures and security measures. Any breach of such procedures or measures shall be immediately reported to the Superintendent or designee.

Documentation of Student Achievement

The Department of Education shall provide the Superintendent with documentation of student performance after each test administration in accordance with the provisions of N.J.A.C. 6A:8-4.2(a). The Board shall maintain an accurate record of each student's performance on Statewide assessments in accordance with N.J.A.C. 6A:8-4.2. Information regarding individual student test scores shall only be released in accordance with Federal and State law.

The Board of Education shall transmit within ten business days any official records, including transcripts, of students who transfer to other school districts or institutions.

The Board of Education shall maintain an accurate record of each student's performance on Statewide assessments.

The Board of Education shall maintain for every student a ninth grade through graduation transcript that contains the following, as available:

1. Results of all applicable State assessments, including assessments that satisfy graduation requirements set forth in N.J.A.C. 6A:8-5.1(a)6;
2. Results of any English language proficiency assessments according to N.J.A.C. 6A:8-5.1(h);
3. Evidence of instructional experience and performance in the NJSLA;
4. Evidence of technological literacy;
5. Evidence of career education instructional experiences and career development activities;

6. Evidence of State-issued occupational licenses and credentials, industry-recognized occupational credentials, and/or technical skill assessments for students enrolled in Department of Education-approved career and technical education programs pursuant to N.J.A.C. 6A:19-3.2; and

7. Any other information deemed appropriate by the Board of Education.

Accountability

The Superintendent shall report preliminary and final results of annual assessments to the Board of Education as required by the New Jersey Department of Education. The Board of Education will provide parents, students, and citizens with results of annual assessments according to N.J.A.C. 6A:8-4.2. The Board shall provide appropriate instruction to improve skills and knowledge for students performing below the established levels of student proficiency in any content area either on Statewide or local assessments. All students shall be expected to demonstrate the knowledge and skills of the NJSLS as measured by the Statewide assessment system.

Annual Review and Evaluation of School Districts

The Department of Education shall review the performance of schools and school districts in accordance with the provisions of N.J.A.C. 6A:8-4.4.

Public Reporting

In accordance with the requirements of N.J.A.C. 6A:8-4.5, the Department of Education shall report annually to the State Board of Education and the public on the progress of all students and student subgroups in meeting the NJSLS as measured by the Statewide assessment system by publishing and distributing the Department of Education’s annual New Jersey School Report Card in accordance with N.J.S.A. 18A:7E-2 through 5. After each test administration, the Department of Education shall report to the Board on the performance of all students and of student subgroups. The Department of Education shall report performance on the APA with the same frequency and in the same detail as it reports on other Statewide assessments, including school and school district means, and the number and percentage of participating students. In public reporting of school and district performance data, the Department of Education shall not compromise the confidentiality of individual students.
Parental Notification

Parents shall be informed of the district assessment system and of any special tests that are to be administered to their children.

Adopted:
2624  GRADING SYSTEM

The Board of Education recognizes that a system of measuring, recording, and reporting the achievements of individual students is important to the continuing process of learning. The Board, therefore, directs the instructional program of this school district include a system of grading that measures progress toward the New Jersey Student Learning Standards and the educational goals of the district.

Students shall be informed at the outset of any course of study of the behaviors and achievements that are expected of them and shall be kept informed of their progress during the course of study. As a rule, grading should reward students for positive efforts and minimize failure, and students should be encouraged to evaluate their own achievements.

The Superintendent shall develop and continually review in consultation with teaching staff members, parent(s) or legal guardian(s), and students, a grading program appropriate to the course of study and maturity of students. The final decision on any contested grade will be the responsibility of the Principal. A student classified as disabled will be graded in accordance with his/her Individualized Educational Program (IEP) or the Section 504 Plan.

Adopted:
The Board of Education and Superintendent of Schools will work with the New Jersey Department of Education to comply with the requirements of the New Jersey Quality Single Accountability Continuum (QSAC) system in accordance with the provisions of N.J.A.C. 6A:30-1.1 et seq. QSAC is the New Jersey Department of Education monitoring and evaluating system for public school districts. Public school districts in New Jersey are evaluated in five key component areas of school effectiveness – instruction and program, personnel, fiscal management, operations, and governance – to determine the extent to which the school district is providing a thorough and efficient education.

Weighted quality performance indicators established by the Department of Education shall be used by the Commissioner of Education to assess school district performance and capacity during the comprehensive reviews pursuant to N.J.A.C. 6A:30-3.1 through 3.4, the in-depth evaluation pursuant to N.J.A.C. 6A:30-5.3, and monitoring of an approved QSAC district improvement plan pursuant to N.J.A.C. 6A:30-5.6. The weighted quality performance indicators shall also be used by the Commissioner in determining whether to initiate intervention activities pursuant to N.J.A.C. 6A:30-6.2, withdrawal from intervention pursuant to N.J.A.C. 6A:30-7.1, and initial placement of Level II, Level III, and State-Operated School Districts on the performance continuum pursuant to N.J.A.C. 6A:30-8.3.

The Commissioner shall conduct a comprehensive review of each public school district every three years. In the intervening years, the Commissioner shall assess the school district’s performance to determine whether conditions exist in the school district that significantly and negatively impact the educational program or operations of the school district.

The Superintendent shall be responsible for completing the District Performance Review in accordance with the requirements as outlined in N.J.A.C. 6A:30-3.2. The District Performance Review and a Statement of Assurance prepared in accordance with N.J.A.C. 6A:30-3.2(e) shall be approved by the Board of Education by resolution and submitted to the Executive County Superintendent of Schools in accordance with the provisions of N.J.A.C. 6A:30-3.2(f) and (g). The district’s District Performance Review and the Statement of Assurance will be reviewed and evaluated in accordance with the requirements of N.J.A.C. 6A:30-3.3. The Commissioner shall issue a final determination of the school district’s performance and initial placement on the performance continuum in accordance with N.J.A.C. 6A:30-4.1.
The district will be required to commence improvement activities as set forth in N.J.A.C. 6A:30-5.3 through 5.7 in the event it satisfies less than eighty percent of the weighted quality performance indicators in one or more key components of school district effectiveness. Where appropriate, pursuant to the factors as outlined in N.J.A.C. 6A:30-6.2, the Commissioner may seek forms of partial or full intervention in a school district as outlined in N.J.A.C. 6A:30-6.1 et seq. Withdrawal from partial or full State intervention shall be in accordance with the provisions of N.J.A.C. 6A:30-7 et seq.

No provision of N.J.A.C. 6A:30 – Evaluation of the Performance of School Districts, shall limit the ability of the Department to monitor public school districts’ practices by, among other things, conducting on-site visits to observe instructional practices and school facilities or take other such action as in the judgment of the Commissioner or his/her designee that may be warranted to ensure the satisfaction of any statutory or constitutional obligation.

POLSICY

FRANKLIN TOWNSHIP
BOARD OF EDUCATION

PROGRAM
2700/page 1 of 4
Services to Nonpublic School Students

2700 SERVICES TO NONPUBLIC SCHOOL STUDENTS

The Board of Education shall provide, in accordance with law and to the limit of State aid available for such purposes, services to students enrolled in nonpublic schools located within this school district in which a child may legally fulfill compulsory school attendance requirements and which complies with Title VI of the Civil Rights Act of 1964.

          N.J.A.C. 6A:23-6.1 et seq.

The Board shall, on individual request, purchase and loan, without charge, textbooks to students attending a nonpublic school located in this district, provided the student is a New Jersey resident and the student's tuition is not paid by a district Board of Education. Such loan of textbooks will be indicated in each book by a label. Any textbook so loaned will remain the property of this Board. Textbooks loaned to nonpublic school students shall be returned at the end of the school year or the district may enter into agreements with the nonpublic schools to store the textbooks without cost to this Board.

A request for the loan of textbooks shall be signed by the parent(s) or legal guardian(s) of nonpublic school students and submitted in writing directly to this Board or may be forwarded collectively by the nonpublic school. Requests must be received by the Board by March 1 of the preceding school year.

Textbooks shall be purchased in the same manner as are textbooks purchased for use in this district. Nonpublic school students shall be subject to the rules and sanctions for the care of textbooks set forth in Policy No. 5513, Care of School Property, in the same manner as are students of this district.

                  N.J.A.C. 6A:14-1.1 et seq.

The Board shall provide services for the identification, referral, evaluation, and determination of eligibility for special education and/or related services, the development of individualized education programs, and speech correction for articulation disorders.

The eligibility of students in nonpublic schools for such services shall be determined by the criteria established by rules of the State Board and used to determine the eligibility of students enrolled in this district for the same services. Services shall be provided only upon the written consent of the parent(s) or legal guardian(s) of the student and shall include procedural safeguards provided to students of this district under N.J.A.C. 6A:14.2 et seq. and Policy No. 2460.
Remedial services will be supplied by appropriately certified personnel who are not employees of the nonpublic school, except that speech correction may be provided by employees of the nonpublic school. Such services shall be provided only upon consent of the parent(s) or legal guardian(s) of the student. Services may also be provided under contract with a public or private agency approved by the Commissioner for the provision of remedial services. The location in which services are provided will be determined by the Board, and will comply with rules of the State Board.

               N.J.A.C. 6A:14-1.1 et seq.

The Board shall provide supportive services for acquiring communication proficiency in the English language for children of limited English speaking ability, supplementary instruction services, and home instruction services. Auxiliary services will be provided only upon the written consent of the student's parent(s) or legal guardian(s).

Auxiliary services may be provided by appropriately certified personnel who are employees of this district or of the nonpublic school. Services may also be provided under contract with a public or private agency approved by the Commissioner for the provision of auxiliary services. The location in which services are provided will be determined by the Board, and will comply with rules of the State Board.

                              N.J.A.C. 6A:16-2.4 et seq.

The Board shall provide basic nursing services in accordance with N.J.A.C. 6A:16-2.4 et seq. within the limits of funds appropriated or otherwise made available for this purpose according to N.J.S.A. 18A:40-23. Nursing services shall include the extension of emergency care for students enrolled full time in the nonpublic school who are injured or become ill at school, or during participation on a school team or squad pursuant to N.J.A.C. 6A:16-1.4(a)1.

The Superintendent and the administrator of the nonpublic school shall meet annually to review funding, to agree on basic nursing services and additional medical services to be provided based on funding, and to assure the nonpublic school has a copy of N.J.S.A. 18A:40-23 to 31. If agreement cannot be reached between the district and the nonpublic school, the County Office of Education shall be consulted for clarification. The district may provide additional nursing services when all basic nursing services have been provided, or will be provided, within the limits of funds appropriated or otherwise made available for this purpose according to N.J.S.A. 18A:40-23. The nursing services provided to a nonpublic school shall not include instructional services.
Funds spent on services delivered under this policy in any one nonpublic school shall not exceed the amount allocated to that school on a per student basis, less the cost to this district of administrative services directly attributable to the provision of such services or six percent of the funds allocated for each participating nonpublic school, whichever is less.

Nursing services shall include assistance with medical examinations and dental screening, screening of hearing examinations, maintenance of student health records, notification of local and county health officials of any student who has not been properly immunized, and the conduct of scoliosis examinations. If the Board and the nonpublic school agree, emergency care shall be provided to nonpublic school students who become ill or are injured in school or during participation on a school athletic team or squad in the same manner such services are provided to students of this district.

Nursing and health care services shall be provided by a professional registered nurse licensed in New Jersey who is an employee of this district, an employee of a third party contractor, or an independent contractor. The location of the services will be determined by the Board and will comply with the rules of the State Board.

The Board may purchase equipment and supplies for the provision of services under this policy, within the allocation of funds, and may lend any such equipment to a nonpublic school without charge provided it is understood that such equipment remains the property of the Board.

A nonpublic school student whose parent(s) or legal guardian(s) objects in writing to the receipt of nursing services shall not be compelled to receive such services; except for a physical examination to determine whether the student is ill or infected with a communicable disease.

The Superintendent or designee will retain a written statement verifying the annual meeting was held with the nonpublic school. The Superintendent or designee will also retain a copy of the contract document; Board meeting minutes approving the contract that describes the methods by which nursing services to the nonpublic students will be provided for the ensuing school year; a rationale for the distribution of funds; and a description of the type and number of services which were provided during the previous year to nonpublic students will be recorded on a form provided by the Commissioner of Education as required in N.J.A.C. 6A:16-2.4(a).

Delivery of Services

The Board shall provide any transportation necessitated by the provision of services under this policy.
Records regarding individual students receiving services under this policy shall be kept in accordance with State Board rules and Policy No. 8330 on Student Records.

The Board shall, file with the Commissioner a report on the number of nonpublic school students identified as eligible to receive services at a time and in a form required by the New Jersey Department of Education.
