5517 STUDENT IDENTIFICATION CARDS

The Board of Education recognizes school building security measures are important for the safety and welfare of all students, staff, parents and community members in school buildings. In recognizing this important responsibility, the Board requires all secondary level students to carry school district issued identification cards at all times while in school. A student must present the card to any school staff member upon request. Students who fail to have the card in their possession or to produce it when asked to do so may be disciplined.

The school district issued Identification Card will be issued to all students in middle schools and high school, and may be presented for:

1. Identification at school district activities on school district property other than the school attended by the student;
2. Admission to school dances and other school-related activities;
3. Identification for library media services to include library book, periodical and other resource check-out;
4. Entrance for Scholastic Aptitude Tests, State Standardized Tests and other testing programs administered on school district property;
5. Identification for transportation services offered by the district including the use of activity and/or late buses;
6. Identification for admission to certain school-related and school district sponsored functions; and
7. Other purposes and activities as determined by the Building Principal.

Students will be issued one card every year. A replacement fee will be charged, at the cost equal to the reproduction cost, for all lost identification cards.

The ID card shall be worn by students at all times.

5519 DATING VIOLENCE AT SCHOOL

The Board of Education believes a safe and civil environment in school is necessary for children to learn. A student who is a victim of dating violence suffers academically and the student's safety at school is jeopardized. Acts or incidents of dating violence at school whether they are verbal, sexual, physical, or emotional will not be tolerated and will be dealt with in accordance with the school's student code of conduct.

All school staff members (administrative staff, instructional staff, support staff, and volunteers) shall take all reasonable measures to prevent acts or incidents of dating violence at school involving a student. All acts or incidents of dating violence at school shall be reported to the Principal or designee in accordance with the provisions outlined in Regulation 5519. A verbal report shall be made to the Principal or designee as soon as possible, but no later than the end of the student's school day when the staff member witnesses or learns of an act or incident of dating violence at school. A written report regarding the act or incident shall be submitted to the Principal or designee by the reporting staff member no later than one day after the act or incident occurred.

School staff members are required to report all acts or incidents of dating violence at school they witness or upon receiving reliable information concerning acts or incidents of dating violence at school. Acts or incidents may include, but are not limited to: those characterized by physical, emotional, verbal, or sexual abuse; digital or electronic acts or incidents of dating violence; and/or patterns of behavior which are threatening or controlling.

The Board of Education, upon the recommendation of the Superintendent of Schools, shall adopt the guidelines and procedures outlined in Regulation 5519 for responding to acts or incidents of dating violence at school. The protocols outlined in Regulation 5519 have been established for any school staff member who witnesses or learns of an act or incident of dating violence at school and for school administrators to work with the victim and the aggressor of an act or incident of dating violence.

Dating violence statements and investigations shall be kept in files separate from student academic and discipline records to prevent the inadvertent disclosure of confidential information. Every act or incident of dating violence at school that is reported shall be documented in an appropriate manner. This should include statements, planning actions, and disciplinary measures as well as counseling and other support resources that are offered and prescribed to the victim or aggressor.

Dating Violence at School

School administrators shall implement discipline and remedial procedures to address acts or incidents of dating violence at school consistent with the school's student code of conduct. The policies and procedures specific to acts or incidents of dating violence at school shall be used to address the act or incident as well as serve as remediation, intervention, education, and prevention for all individuals involved. The responses shall be tiered with consideration given to the seriousness and the number of previous occurrences of acts or incidents in which both the victim and alleged aggressor have been involved.

Consequences may include, but are not limited to: admonishment, temporary removal from the classroom, classroom or administrative detention, in-school suspension, out-of-school suspension, reports to law enforcement, and/or expulsion. Retaliation towards the victim of any act or incident of dating violence shall be considered when administering consequences to the alleged aggressor based on the severity of the act or incident.

Remediation/intervention may include, but is not limited to: parent conferences, student counseling (all students involved in the act or incident), peer support groups, corrective instruction or other relevant learning or service experiences, supportive student interventions (Intervention and Referral Services - I&RS), behavioral management plans, and/or alternative placements.

A pattern of behaviors may be an important sign a student is involved in an unhealthy or abusive dating relationship. The warning signs listed in Regulation 5519 shall educate the school community on the characteristics that a student in an unhealthy or abusive relationship may exhibit. Many of these warning signs make a connection to one student in the relationship asserting control and power over the other. Recognizing one or more signs of teen dating violence plays an important role in preventing, educating, and intervening in acts or incidents of dating violence.

The Board of Education shall make available to students and their families information on safe, appropriate school, family, peer, and community resources available to address dating violence.

The Board of Education shall incorporate age-appropriate dating violence education in grades seven through twelve through the health education curriculum in alignment with the New Jersey Core Curriculum Content Standards for Comprehensive Health and Physical Education. The educational program shall include, but is not limited to, a definition of dating violence, recognizing the warning signs of dating violence, and the characteristics of healthy relationships.

Upon written request to the school Principal, a parent/legal guardian of a student less than eighteen years of age shall be permitted, within a reasonable period of time after the request is made, to examine the dating violence education instruction materials developed by the school district.

The Board of Education strives to provide a safe, caring atmosphere that supports all learners in the least restrictive environment. On occasion, during an emergency, a situation may arise making it necessary to temporarily restrain a student. An emergency is defined as a situation in which the student's behavior poses a threat of imminent, serious physical harm to the student or others or imminent, serious property destruction.

In accordance with N.J.S.A. 18A:6-1, no person employed or engaged in school or educational instruction, whether public or private, shall inflict or cause to be inflicted corporal punishment upon a student attending such school or institution. However, any such person may, within the scope of his/her employment, use and apply such amounts of force as is reasonable and necessary: to quell a disturbance, threatening physical injury to others; to obtain possession of weapons or other dangerous objects upon the person or within the control of a student, for the purpose of self-defense; and for the protection of persons or property. Any such acts, as above, shall not be construed to constitute corporal punishment within the meaning and intent of N.J.S.A. 18A:6-1.

"Physical restraint" means holding a student or otherwise restricting his/her movements. Physical restraint shall include the use of specific, planned techniques and shall only be used with reasonable limitations by school staff members who shall receive training in the use of physical restraint. Classroom and security interventions should be implemented, when possible, prior to the use of any physical restraint. The use of physical restraint shall be limited to only those circumstances and situations where other interventions are not possible or have been unsuccessful.

A student shall be released from physical restraint immediately upon a determination by the school staff member administering the restraint that the student is no longer in imminent danger of causing harm to him/herself, others, or imminent property destruction. The Principal or designee will notify the parent/legal guardian in the event an emergency existed and physical restraint was used on their child. The student shall be examined by the school nurse after any physical restraint.

Students that initiate, advocate, or promote unacceptable activities or conduct, openly or otherwise, and/or threaten the safety or well-being of others, disrupt the school environment and are harmful to the educational process in this school district. This unacceptable conduct, including but not limited to, physical or verbal harassing, intimidating, or bullying conduct; unlawful use of force; threats; violence; or other violations of the school district's student code of conduct by a student or group of students directed toward any school staff member or any other student or group of students anywhere on school grounds, at any school related or sponsored activity, on school buses, at school bus stops, and any other place where students are supervised by school district staff will not be tolerated.

In the event the Principal or designee believes any unacceptable activities or conduct was, or is being committed, for the benefit of, at the direction of, or in association with a group of three or more persons, the school staff will investigate further to determine if the conduct was committed by students representing a "criminal street gang" (hereinafter referred to as a "gang") as defined in N.J.S.A. 2C:33-29.

In accordance with N.J.S.A. 2C:33-29, "criminal street gang" means three or more persons associated in fact. Individuals are associated in fact if: (1) two of the following seven criteria that indicate criminal street gang membership apply: (a) self-proclamation; (b) witness testimony or official statement; (c) written or electronic correspondence; (d) paraphernalia or photographs; (e) tattoos; (f) clothing or colors; (g) any other indicia of street gang activity; and (2) individually or in combination with other members of a criminal street gang, while engaging in gang-related activity, have committed or conspired or attempted to commit, within the preceding five years from the date of the present offense, excluding any period of imprisonment, one or more offenses on separate occasions of robbery, carjacking, aggravated assault, assault, aggravated sexual assault, sexual assault, arson, burglary, kidnapping, extortion, tampering with witnesses and informants or a violation of Chapter 11, Section 3, 4, 5, 6, or 7 of Chapter 35, or Chapter 39 of Title 2C of the New Jersey Statutes.

If it is determined unacceptable activities or conduct was committed by students representing a gang or by students that may be representing a gang, the Principal or designee will assign appropriate disciplinary action and will notify the parent of the victim(s) and the offender(s). The Principal or designee will also inform the Superintendent of Schools and local law enforcement.

Student Rights

5700 STUDENT RIGHTS

The Board of Education recognizes that students possess both the right to a free public education and the rights of citizenship. In granting students the educational opportunities to which they are entitled, the Board shall provide them with the nurture, counsel, and custodial care appropriate to students' ages and maturity. At the same time, the Board will respect the right of each student to equal treatment and equal access to the educational program, the due process of law, freedom of expression and association, and the privacy of his/her own thoughts.

Attendant on the rights guaranteed to each student are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the policies and regulations of this district.

As students differ in age and maturity, so they differ in the ability to assume both the rights and the concomitant responsibilities of citizenship. Accordingly, the exercise of each right will be granted with due regard for the degree of responsibility possessed by the student and the student's need for continuing guidance and control.

A student who has reached the age of majority and is emancipated possesses the full rights of an adult and may issue authorizations previously delegated to his/her parent(s) or legal guardian(s). The adult student is fully responsible for his/her educational performance, attendance, compliance with district regulations, and care of school property. The parent(s) or legal guardian(s) of each adult student will be informed of the rights of the student and will continue to be informed of the student's progress in school.

5701 PLAGIARISM

- A. Students are expected to be honest in all of their academic work. This means that they will not engage in any of the following acts:
1. Cheating on examinations, including but not limited to, the non-authorized use of books or notes, the use of crib sheets, copying from other students' papers, exchanging information with other students orally, in writing, or by signals, obtaining copies of the examination illegally and other similar activities.
 2. Plagiarism is not permitted in term papers, themes, essays, reports, images, take-home examinations, and other academic work. Plagiarism is defined as stealing or use without acknowledgment of the ideas, words, formulas, textual materials, on line services, computer programs, etc. of another person, or in any way presenting the work of another person as one's own.
 3. Falsifications, including forging signatures, altering answers after they have been graded, the insertion of answers after the fact, the erasure of grader's markings, and other acts that allow for falsely taking credit.
- B. A student found guilty of academic dishonesty may be subjected to a full range of penalties including, but not limited to, reprimand and loss of credit for all of the work that is plagiarized.
- C. A teacher who believes that a student has been academically dishonest in his/her class should resolve the matter in the following manner:
1. Reprimand the student orally and/or in writing. The teacher is also authorized to withhold credit in the work tainted by the academic dishonesty.
 2. If warranted, the teacher shall file a written complaint against the student with the Principal, requesting a more stringent form of discipline. The complaint must describe in detail the academic dishonesty that is alleged to have taken place, and must request that the matter be reviewed by the Principal.
 3. The Principal will determine if further discipline of the student is appropriate, and will determine the nature of the discipline on a case-by-case basis.
 4. If the student is not in agreement with the disciplinary action of the Principal, he/she may appeal the action to the Superintendent. If the student is dissatisfied with the Superintendent's disposition of the case, he/she may grieve the action in accordance with Policy No. 5710, Student Grievance.

5710 STUDENT GRIEVANCE

The Board of Education believes that students are citizens who possess the right to request redress of grievances and that students should be encouraged to respect lawful procedures for the resolution of disputes. Accordingly, the Board will establish and observe procedures by which the grievances of students will be heard.

For the purposes of this policy, a student grievance means any complaint that arises out of the acts or policies of this Board or the acts of its employees.

A student grievance will be heard in the following manner:

1. A student should first make the grievance known to the staff member most closely involved or with a guidance counselor and both shall attempt to resolve the matter informally and directly;
2. A grievance not resolved at the first step must be reduced to a written statement in which the student sets forth the specific nature of the grievance, the facts that gave rise to it, the relief sought, and the reasons why that relief is appropriate;
3. The written grievance may be submitted to the Building Principal, the Superintendent, and the Board of Education, in that order and within a suitable period of time to be allowed at each level for the hearing of the grievance and the preparation of a response;
4. At each step beyond the first, the school authority hearing the grievance may summon the parent(s) or legal guardian(s) of a grievant who is not an adult. The grievant may summon the assistance of his/her parent(s) or legal guardian(s) at any step;
5. A student grievance that proceeds to the Board will be determined promptly and the Board will issue a decision in no more than ten calendar days. The student will be informed of the right to appeal a decision of the Board to the Commissioner of Education.

The Superintendent shall direct all staff members to respect the right of students to seek redress of grievances by lawful procedures without fear of reprisal.

Independent Publications

5721 INDEPENDENT PUBLICATIONS

The Board of Education respects the right of students to express themselves in written word or picture, or video image or computer generated illustrations, and to distribute printed materials as part of that expression; at the same time, the Board recognizes that the exercise of that right is limited by the rights of other members of the school community.

For the purposes of this policy, "printed materials" include any written or printed cards, letters, circulars, books, pamphlets, notices, newspapers, and similar materials but do not include any publication that is sponsored by this Board.

Certain printed materials are not protected by a student's right of free expression because they violate the rights of others. The Board may identify and prohibit the distribution on school premises of printed materials that are grossly prejudicial to an ethnic, national, religious, or racial group or to either gender; libel any person or persons; seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other; advocate the use or advertise the availability of any substance or material that constitutes a direct and substantial danger to the health of students; contain obscenity or material otherwise deemed to be harmful to impressionable students; incite violence, advocate the use of force, or urge the violation of law or school regulations; advertise goods or services for the benefit of profit-making organizations; fail to identify the student responsible for distribution and the agent responsible for reproduction; solicit funds for nonschool organizations when such solicitations have not been approved by the Board; or promote, favor, or oppose any candidate for election to the Board or the adoption of any bond issue, proposal, or questions submitted at any election.

The Board requires that the distribution of printed material take place only at the places and during the times established by rule in order not to disrupt the orderly operation of the educational program.

5751 SEXUAL HARASSMENT

The Board of Education will not tolerate sexual harassment of students by school employees, other students, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or students can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a student's participation in an educational program or activity or bases an educational decision on the student's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any "person" from sex discrimination; accordingly both male and female students are protected from sexual harassment engaged in by school district employees, other students, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the student being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any student, regardless of the student's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

Sexual Harassment

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the student who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of students shall be published and distributed to students and employees to ensure all students and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for students to ensure the staff and the students understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond.

In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, students and third parties.

In addition, if the Board accepts Federal funds, the Board shall be bound by Title IX of the Education Amendments of 1972 prohibiting sexual harassment of students. Title IX applies to all public school districts that receive Federal funds and protects students in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

The school district administration will ensure: that all students will have equal and barrier-free access to all school and classroom facilities, that minority and female students are not under-represented in gifted and talented or accelerated/advanced courses and that minority and male students are not over-represented in detentions, suspensions, expulsions, dropouts, or special needs classifications. The Board of Education will refrain from locating new facilities in areas that will contribute to imbalanced, isolated, or racially identifiable school enrollments. The school district administration will assign students to ensure that the racial/national origin composition of each school's enrollment reflects the composition of the districtwide enrollment and so that school and classroom enrollments are not identifiable on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

Students will not be separated or isolated by race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability within schools, courses, classes, programs, or extracurricular activities. Bias-free multiple measures for determining the special needs of language-minority students and students with disabilities will be utilized. Transgender Students

5756 TRANSGENDER STUDENTS

The Board of Education is committed to provide a safe, supportive, and inclusive learning environment for all students. In furtherance of this goal, the Board adopts this Policy to ensure that all students, including transgender students, have equal educational opportunities and equal access to the school district's educational programs and activities.

The Board of Education, administration, and all school staff members will comply with Federal and State laws and regulations regarding transgender students and no student shall be subjected to discrimination on the basis of gender identity or expression.

For the purposes of this Policy:

1. "Sex assigned at birth" refers to the sex designation recorded on an infant's birth certificate should such a record be provided at birth.
2. "Gender identity" means a student's deeply held sense or psychological knowledge of their own gender, regardless of the sex they were assigned at birth.
3. "Gender expression" refers to the way a student represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice, or mannerisms.
4. "Gender identity or expression" also means having or being perceived as having a gender-related identity or expression whether or not stereotypically associated with a person's assigned sex at birth.
5. "Gender nonconforming" describes a student whose gender expression differs from stereotypical expectations, such as "feminine" boys, "masculine" girls, and those who are perceived as androgynous.
6. "Transgender" describes a student whose gender identity is different from their gender assigned at birth. A transgender male is someone who identifies as male but was assigned the sex of female at birth; a transgender female is someone who identifies as female but was assigned the sex of male at birth.

The Board of Education believes the responsibility for determining a student's gender identity rests with the student or, in the case of young students not yet able to advocate for themselves, with their parent(s). Therefore, the Board will accept a student's assertion of their gender identity when there is consistent and uniform assertion of the gender identity, or any other evidence that the gender-identity is sincerely held as a part of the student's core identity. The Board of Education will not question or disregard the assertion of a student's gender identity.

POLICY

FRANKLIN TOWNSHIP BOARD OF EDUCATION

Transgender Students

The Board of Education desires to support students and their assertion of their gender identity, and recognizes that school-related issues regarding transgender students will vary on a case-by-case basis. The Board of Education will support students and parents in determining the best way to support a student who is gender non-conforming to ensure a safe educational environment and to ensure equal access to all educational opportunities for that student. A confidential student specific support plan will be developed in consultation with the student and his or her parent(s).

Therefore, the Superintendent and/or the Superintendent's designee may meet with the student and parent(s) to discuss school-related issues. The issues to be discussed shall include, but are not limited to, the following:

1. Names/Pronouns - The school district will honor the request of the student and parent(s) to have the student addressed by a name or pronoun consistent with the student's gender identity.
2. Student Records - The school district will maintain the official permanent student record in accordance with Federal law, State statutes, and administrative code and will indicate the legal name and gender appearing on the student's birth certificate, unless there is a legal name change. However, the school district will use the name and pronoun consistent with the student's gender identity in other school-related documents to include, but not be limited to, student identification cards, library cards, school photographs, grade books, posted lists of student names, and any other places where students' names are commonly written.
3. Restrooms - Transgender students shall have access to the restroom that corresponds to their gender identity. Any student requesting additional privacy may be provided access to a reasonable alternative facility, such as an "individual use" and/or gender neutral restroom, to the extent available.
4. Locker Rooms - Transgender students shall have access to locker room facilities that correspond to their gender identity. Any student requesting additional privacy may be provided access to a reasonable alternative, such as the assignment of a student locker in near proximity to the office of a teacher or coach, use of another private area (such as a restroom stall) within the public area, and/or use of a nearby private area (such as an "individual use" and/or gender neutral facility), to the extent available.

5. Physical Education Classes - Transgender students shall be permitted to participate in physical education classes in a manner consistent with their gender identity.
6. Intramurals Programs - A transgender student's participation in the school district's intramural athletic programs shall be in accordance with the eligibility requirements for participation in interscholastic athletics as determined by the New Jersey Interscholastic Athletic Association.
7. Interscholastic Athletics - A transgender student's participation in the school district's interscholastic athletic programs shall be in accordance with eligibility requirements for participation in interscholastic athletics as determined by the New Jersey State Interscholastic Athletic Association.
8. Dress Codes - Transgender students shall comply with the dress code requirements that correspond to their gender identity.

In the event that a student no longer identifies with a previously asserted non-conforming gender, the Superintendent and/or the Superintendent's designee will meet with the student and parent(s) to discuss the transition of the student from gender non-conforming to gender conforming.

The school district, administration, and school staff members will ensure the privacy of any student's transgender status and will not disclose or acknowledge a student's transgender status unless required to in accordance with any Federal law, State statute, administrative code, or if the parent and student have authorized such disclosure.

5770 STUDENT RIGHT OF PRIVACY

The Board of Education recognizes that a student's right of privacy may not be violated by unreasonable search and seizure and directs that no student be searched without reason or in an unreasonable manner.

Teaching staff members are charged with the responsibility of maintaining order and discipline in the schools and of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, a teaching staff member may search or request the search of the person or property of a student as authorized by this policy, with or without the student's consent, whenever he/she has reasonable grounds to suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history. Except in exigent circumstances, an intrusive search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender.

The Board acknowledges the need for the in-school storage of students' possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such storage places, students may lock them against incursion by other students. In no storage place provided by the Board shall students have such an expectation of privacy as to prevent examination by a school official. Students shall be notified in writing at the beginning of each school year that inspections of their lockers, desks, and other storage facilities on school district property may be conducted. The school Principal or designee is directed to conduct, without further notice, the regular inspection of such facilities provided to students for the storage of property.

Except as required by exigent circumstances, a request for the search of a student or a student's private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the student to the inspection.

Whenever possible, a search will be conducted by the Principal in the presence of the student, the student's parent(s) or legal guardian(s) or a representative of the parent(s) or legal guardian(s), and a teaching staff member other than the Principal. Under no circumstances shall any student be subjected to a strip search or a body cavity search.

A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property.

Student Right of Privacy

The Principal shall conduct a student search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the student or when the Principal has independent grounds to suspect the presence of an incriminating object.

The Principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of the informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

5830 STUDENT FUND RAISING

The Board of Education will limit the solicitation of funds by and from the students of this district in order to protect students from unnecessary pressures and the instructional program from disruption.

“Student fund raising” means the solicitation and collection of money by students, on or off school premises, for any purpose associated directly or indirectly with the school district or under circumstances in which the solicitors are identified as students of this district.

5841 SECRET SOCIETIES

The Board of Education affirms the legislative prohibition of student organizations with closed membership practices as hostile to the democratic ideals of public education.

No social organization of students will be granted the use of school facilities or permitted the use of the name of the school or this school district unless that organization has first been approved by the Principal. The application for such approval will set forth the purposes, constitution, and bylaws of the organization; its membership qualifications; and the process by which a person becomes a member.

No organization will be approved if its purposes conflict with the authority and goals of this Board or the best interests of the students of this district; if membership is drawn from outside the currently enrolled student body; if membership qualifications are based on considerations of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, disability or political beliefs, or any other consideration not appropriate to the purpose of the organization; or if any qualifying student who applies may be denied membership.

Nothing in this policy shall prevent or otherwise deny participation in constitutionally protected prayer consistent with protections of the First Amendment of the United States Constitution.

A student who seeks to form or is a member of a fraternity, sorority, or other secret organization formed in whole or in part of students enrolled in this district may be disciplined by this Board. The Board reserves the right to require that any student attest as to his/her membership in a secret organization.

5843 C.A.R.E. PROGRAM

The Board of Education recognizes the needs of children who lack adult supervision outside the school day and directs the Superintendent to establish and implement a C.A.R.E. Program for the care of such children in grades Kindergarten through six.

The Board will provide suitable district facilities, staff, and supplies for the conduct of a C.A.R.E. Program as follows:

Grades Kindergarten through Four	a.m. and p.m. session
Grades Five through Six	p.m. only

The program will be under the direct supervision of a certified teaching staff member employed by this district, who may be assisted by aides. Participating children will be offered constructive activities and proper supervision. No instruction will be offered; the C.A.R.E. Program is not an extension of the school day and is not intended to serve the purpose of enrichment or remedial education.

The C.A.R.E. Program is open to students enrolled in this school district provided both of the student's parent(s) or legal guardian(s) are employed, or the student's single parent(s) or legal guardian(s) is employed, during the hours during which the program is offered. Only duly registered children will be permitted to participate in the program. The C.A.R.E. Program is not intended for the temporary or intermittent custodial care of children. A parent(s) or legal guardian(s) may register his/her child for the C.A.R.E. Program at the school office by presenting a signed affidavit that because of the parent's or legal guardian's employment there is no responsible adult regularly at the child's home to care for the child. The affidavit will include the name, address, and telephone number of each parent or legal guardian's employer. The Board reserves the right to verify a parent or legal guardian's affidavit.

In order to defray the costs of the C.A.R.E. Program, such as additional salaries, supplies, facility operation, and additional insurance coverage. All fees will be approved by the Board.

The Board will not transport students to or from school to enable their participation in the C.A.R.E. Program. Transportation must be furnished by the parent(s) or legal guardian(s), or a responsible person appointed by the parent(s) or legal guardian(s). The Board may remove from the program a student whose parent(s) or legal guardian(s) persistently disregards his/her responsibility to pick the child up promptly.

5850 SOCIAL EVENTS AND CLASS TRIPS

The Board of Education recognizes the value of social events and class trips that will enhance and enrich the school experience for the students of this district.

For purposes of this policy, a "social event" is a party, celebration, or dance organized for the participation of students, and "class trips" are trips taken by students in a single graduating class, students who share a particular interest in an activity, or students who are enrolled in a particular subject area. Social events and class trips are not related or are only indirectly related to the curriculum.

The Board will make school facilities available and assign staff members as appropriate for the conduct of social events on school premises that have been approved by the Principal and for social events and class trips away from school premises that have been approved by the Principal. A social event may be considered to have been approved by this Board only when the Board has duly assigned one or more chaperones to supervise participating students. A class trip must be approved by the Board of Education. The Board will assume no responsibility for a student social event or trip that has not been approved in accordance with this policy.

The Board will not approve a social event or class trip that has the effect of reducing the school year for participating students to fewer than one hundred eighty days.

The Board reserves the right to cancel any scheduled trip.

Social events or class trips are not part of the thorough and efficient system of education provided by the Board. Participation in them is therefore not a right and may be denied to any student without the due process of notice and an opportunity to be heard. A student who demonstrates disregard for school rules may summarily be denied participation in social events and class trips.

Students who participate in approved social events and class trips are subject to district rules for student conduct and must submit to the authority of assigned chaperones. Infractions of the rules will be subject to discipline in the same manner as are infractions of rules during the regular school program.

A student who possesses or consumes alcohol or drugs in the course of an approved social event or class trip will be deemed to have placed all other participating students at risk and shall be immediately dismissed from the event or trip. Any such student will be returned home by appropriate and safe means of transportation in the company of a chaperone, the student's parent(s) or legal guardian(s), or a representative of the student's parent(s) or legal guardian(s). Any expenses incurred by the dismissal will be the responsibility of the student and/or the student's parent(s) or legal guardian(s).
