A Word from Tim Walton

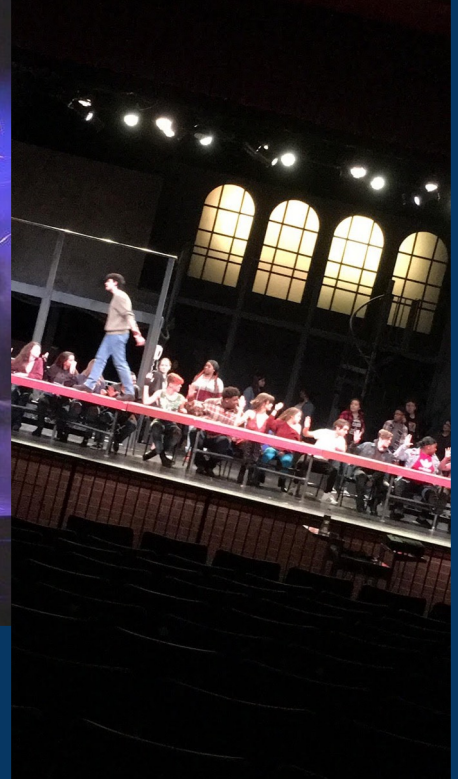

The Choir Parents Association serve as the support group of the Vocal Music Department.

Though the idea may start at the head, they are the ones who get the body moving to see it through.

Their passion for their children are the reasons why they do what they do.

Proceeds help support the Choir Parents Association Scholarships

The Choir Parents Association's Winter Cabaret Nights have become a community favorite as well.

Providing Opportunities

I have had many wonderful experiences with the FHS Choir. They range from Broadway trips, incredible Winter Cabarets, Alumni Cabarets, Hawaii trips, incredible musicals and dramas.

Memorable Moments

I'll never forget the pride we parents had watching the beauty of the students performing their incredible Christmas repertoire.

Many students and adults involved still remain friends to this day.

The vocal music department was and is an asset to FHS and the community.

Our children benefited greatly from participating in choir, vocal music classes, and vocal/theatrical productions.

I hope many more children will benefit from the FHS vocal music programs in the future and that parents/family members help continue the support necessary to ensure success.

We thank the following past leaders and volunteers.
